

2SHB 2201 - H AMD 1065

By Representative Dye

NOT CONSIDERED 03/07/2024

1 On page 43, line 26, after "agreement." insert "Nothing in this
2 subsection requires the reporting of greenhouse gas emissions, or
3 authorizes the department to require the reporting of greenhouse gas
4 emissions, from sources or persons other than those specified in (a)
5 of this subsection. In addition, nothing in this subsection requires
6 the reporting of scope 3 greenhouse gas emissions or scope 2
7 greenhouse gas emissions other than those specified in (a) of this
8 subsection."

9 On page 45, after line 31, insert the following:

10 "(vi) For the purpose of this subsection (5), "scope 2 emissions"
11 means indirect greenhouse gas emissions from electricity purchased
12 and used by a reporting entity, regardless of location.

13 (vii) (A) For the purpose of this subsection (5), "scope 3
14 emissions" means indirect greenhouse gas emissions, other than scope
15 2 emissions, from activities of a reporting entity that stem from
16 sources that the reporting entity does not own or directly control
17 and may include, but are not limited to, emissions associated with
18 the reporting entity's supply chain, business travel, employee
19 commutes, procurement, waste, and water usage, regardless of
20 location.

21 (B) For the oil, gas, coal, and natural gas industries, scope 3
22 emissions include emissions from the use of products sold by that
23 reporting entity."

EFFECT: Specifies that persons and sources are not required to report greenhouse gas emissions and the department of ecology may not require persons and sources to report greenhouse gas emissions, other than emissions from: (1) A single facility that exceed 10,000 metric tons of carbon dioxide equivalent annually; (2) fossil fuels sold by a single supplier or local distribution company that exceed 10,000 metric tons of carbon dioxide equivalent annually; and (3) all electricity purchased, sold, imported, exported, or exchanged in Washington. Specifies that it is not required to report scope 3 emissions stemming from sources that the reporting entity does not own or directly control, or to report scope 2 electricity emissions

other than electricity emissions that are specified to be required to be reported.
