EFFECT: Modifies the scope of "material change transaction" to only cover a transaction when any party or affiliate of a party has generated \$100,000,000 or more in health care services revenue from patients residing in Washington state in any of their preceding three fiscal years. Transactions where all parties and affiliates are below this threshold are exempt from the bill's requirements.

Increases the threshold revenue maximum for a party to qualify for basic notice requirements from \$25,000,000 to \$150,000,000.
