4 of the state, the board, any other state agency, officer, employee,  
5 or agent based on a cannabis licensee's description of a structure or  
6 function claim or the product's intended role under subsection (2) of  
7 this section.

8 (7) Nothing in this section shall apply to a drug, as defined in  
9 RCW 69.50.101, or a pharmaceutical product approved by the United  
10 States food and drug administration.

11 NEW SECTION. **Sec. 5.** A new section is added to chapter 69.50  
12 RCW to read as follows:

13 (1) Except as otherwise provided in this chapter, no person may  
14 manufacture, sell, or distribute cannabis, cannabis concentrates,  
15 useable cannabis, or cannabis-infused products, or any cannabis  
16 products without a valid license issued by the board or commission.

17 (2) Any person performing any act requiring a license under this  
18 title, without having in force an appropriate and valid license  
19 issued to the person, is in violation of this chapter.

20 (3) The producing, processing, manufacturing, or sale of any  
21 synthetically derived, or completely synthetic, cannabinoid is  
22 prohibited, except for products approved by the United States food  
23 and drug administration.

24 NEW SECTION. **Sec. 6.** Nothing in this act shall be construed to  
25 require any agency to purchase a liquid chromatography-mass  
26 spectrometry instrument.

27 NEW SECTION. **Sec. 7.** If any provision of this act or its  
28 application to any person or circumstance is held invalid, the  
29 remainder of the act or the application of the provision to other  
30 persons or circumstances is not affected."

31 Correct the title.

EFFECT: (1) Adds a definition of the term "hemp consumable" to  
hemp statutes. Defines the term as a product that is sold or provided  
to another person, that is: (a) Made of hemp; (b) not a cannabis  
product; and (c) intended to be consumed or absorbed inside the body  
by any means, including inhalation, ingestion, or insertion.

(2) Modifies the proposed change to the existing definition of the term "cannabis products" in the Uniform Controlled Substances Act (UCSA), so the definition would include any product intended to be consumed or absorbed inside the body by any means including inhalation, ingestion, or insertion, with any detectable amount of THC (instead of with any amount of THC).

(3) Also excludes products that are approved by the United States Food and Drug Administration from the definition of the term "cannabis products" in the UCSA.

(4) Removes the proposed new definition of "tetrahydrocannabinol" or "THC," and the proposed change to the existing definition of "isomer" in the UCSA.

(5) Prohibits synthetic cannabinoids from being used as additives in cannabis products, instead of requiring the label on a cannabis product package to include the amount of any synthetically derived CBD in a product.

(6) Prohibits the production, processing, manufacturing, or sale of any cannabinoid that is synthetically derived or completely synthetic, except for products approved by the United States Food and Drug Administration.

(7) Adds a severability clause.
