By Senator Short

NOT ADOPTED 03/01/2024

1 On page 5, line 6, after "(iii)" insert "The utility that serves
2 the school district has not provided an assessment of the additional
3 electrical capacity that is required for different levels of charging
4 demand created by zero emission school buses specific to the school
5 district. The assessment must outline what additional utility and
6 customer side infrastructure upgrades are required to support zero
7 emission school bus charging, the cost of such upgrades, and any
8 increase of utility rates of the school district attributable to such
9 upgrades;
10 (iv)"

11 Renumber the remaining subsection consecutively and correct any
12 internal references accordingly.

EFFECT: Provides an exception if the utility that serves the school district has not provided an assessment of the additional electrical capacity that is required for different levels of charging demand created by zero emission buses.
