By Senator MacEwen

**NOT ADOPTED 02/29/2024**

1       On page 14, after line 39, insert the following:  
2       "(13) Notwithstanding any other provision in this section,  
3 natural gas customers using more than 12,000 thermal units shall not  
4 be required to pay more than two percent of their billed margin  
5 revenues in rates per year for gas decarbonization costs incurred  
6 pursuant to decarbonization and electrification measures included  
7 in an approved integrated system plan, and electric customers with a  
8 load greater than one average megawatt shall not be required to pay  
9 more than two percent of their billed revenues in rates per year for  
10 electrification costs incurred pursuant to decarbonization and  
11 electrification measures included in an approved integrated system  
12 plan. Gas decarbonization costs shall not be recovered from  
13 transportation only customers. Electrification costs shall be  
14 recovered only from bundled electric customers."

EFFECT: Directs that no (1) natural gas customer using more than 12,000 thermal units or (2) electric customer using more than one average megawatt will pay more than 2 percent of their bill for their respective gas decarbonization costs or electrification costs due to decarbonization and electrification measures in an approved integrated system plan.

Directs that gas decarbonization costs must not be recovered from transportation only customers, and that electrification costs must be recovered only from electric customers.
