**EFFECT:** (1) Clarifies that Commerce must develop a comprehensive inventory of all publicly available electric vehicle supply equipment (EVSE) in the state by December 31, 2026.

(2) Removes utilization of EVSE as part of required data to collect by Commerce in inventorying EVSE.

(3) Adds additional transportation electrification investment strategies for municipal electric utilities.

(4) Limits implementation of prioritized strategies for public utility districts regarding charging to occur when adopting a transportation electrification plan after July 1, 2025.
