

SENATE BILL REPORT

HB 1419

As of March 14, 2023

Title: An act relating to county treasurers' duties concerning registered warrants.

Brief Description: Concerning county treasurers' duties.

Sponsors: Representatives Chapman and Goehner.

Brief History: Passed House: 2/28/23, 97-0.

Committee Activity: Local Government, Land Use & Tribal Affairs: 3/14/23.

Brief Summary of Bill

- Changes the process for county treasurers to designate an outstanding warrant as redeemed.
- Authorizes county treasurers to contract with the county or taxing district to cover warrants for which there are insufficient funds.

SENATE COMMITTEE ON LOCAL GOVERNMENT, LAND USE & TRIBAL AFFAIRS

Staff: Maggie Douglas (786-7279)

Background: A county treasurer is the custodian of county money and the administrator of the county's financial transactions. A county treasurer may also serve as the ex officio treasurer for a special purpose district such as a flood control district, irrigation district, or public utility district, and may provide financial services to districts and other units of local government. County treasurers have many duties enumerated in statute, including:

- receiving money and disbursing warrants;
- issuing receipts for money received; and
- maintaining financial records reflecting receipts and disbursements.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

The county treasurer must affix the date of redemption on the face of all paid warrants and endorse, before the date of issue by the county or any taxing district for whom the county treasurer acts as treasurer. The treasurer must affix the date of redemption on the face of all warrants for which there are insufficient funds for payment, interest bearing warrant. Notice must be given by the treasurer when there are funds to redeem outstanding warrants. Interest must be paid on all interest-bearing warrants from the date of issue to the date of notification.

Summary of Bill: The requirement that the county treasurer affix the date of redemption on the face of paid warrants is removed, and the county treasurer is directed to designate such warrants as cleared or redeemed in the appropriate accounting records.

The existing requirements for unpaid warrants are removed. In cases where there are insufficient funds to redeem warrants issued by the county or special purpose district for which a county treasurer acts as treasurer, the county treasurer is authorized to use funds not necessary for immediate expenditure to contract with the county or any taxing district to cover such insufficient funds. The county and taxing districts are prohibited from issuing additional warrants against funds where such a contract is in place without first contacting the treasurer and renegotiating the contract as necessary to cover any agreed upon additional funding.

Appropriation: None.

Fiscal Note: Available.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This is a cleanup bill. It redrafts the language in the statute to match the way modern finance works. Money moves electronically today. The way banks want us to operate and move money has changed dramatically since the current law was put in place. This language brings the law up to day with modern practices.

Persons Testifying: PRO: Jeff Gadman, Thurston County Treasurer, WSACT Vice President, WACO President.

Persons Signed In To Testify But Not Testifying: No one.
