Background: The state provides various services and benefits for veterans, including:

- admission to state soldiers' and veterans' homes;
- hiring preference and scoring preference on civil service exams;
- special license plates;
- veteran homeownership down payment assistance programs;
- renewal and extension of licenses; and
- services provided by the Department of Veterans Affairs.

A separate status is recognized for veterans who served in a period of war or conflict. Such combat veterans may be eligible to receive additional benefits, including:

- higher scoring preference on civil service exams;
- participation in a designated shared leave pool program;
- special designated license plates;
- property tax relief for senior widows and widowers of veterans; and
- tuition waivers, reductions, and other education benefits.

The state-sponsored retirement systems provide credit to combat veterans for interruptive military service for up to five years of service.

In order to be eligible for state veterans' benefits and programs, veterans generally must have received an honorable discharge or other excusable discharge.

Summary of Bill: Veterans' eligibility for state veterans' programs and benefits is expanded to include any veteran who has received:

- a discharge with an honorable characterization of service;
- a discharge with a general under honorable conditions characterization of service;
- a discharge with an other than honorable characterization of service if the applicant provides certain documentation from the United States Department of Veterans Affairs showing eligibility for or receipt of monetary benefits; or
- any characterization of service if the reason for discharge was listed as solely due to:
 1. a person's sexual orientation, gender identity, or gender expression;
 2. statements, consensual sexual conduct, or consensual acts relating to sexual orientation, gender identity, or gender expression unless the statements, conducts, or acts are or were prohibited by the Uniform Code of Military Justice on grounds other than the person's sexual orientation, gender identity, or gender expression; or
 3. the disclosure of statements, conduct, or acts relating to sexual orientation, gender identity, or gender expression to military officials.

The Department of Veterans Affairs must develop and implement an outreach program to ensure eligible veterans are aware of state veterans' benefits and programs.

This bill creates stability for veterans and their families by expanding benefits for these individuals. Tuition exemption is a program that has an incredible return on investment.
