Employees' Retirement System (SERS), begins at age 55 with 20 years of service.

Members of Plan 3 of the PERS, TRS, and SERS may elect to retain their state employee health insurance upon separation from state employment, regardless of whether they choose to retire from their plan and collect benefits at that time. To be eligible for continued coverage, a separated member of Plan 3 must have at least ten years of service and be at least 55 years of age. Employees choosing to continue coverage as retirees are responsible for paying the full cost of their insurance premiums until they are eligible for Medicare, in which case they qualify for a subsidy provided by the Legislature.

Since 2001 retirees or separated employees eligible for retiree coverage have been allowed to defer PEBB coverage until a later date if they retain continuous enrollment in a comprehensive employer-sponsored medical insurance program as either an employee or dependent of an employee. Retirees may also qualify for deferred enrollment in PEBB coverage if they are enrolled directly or as a dependent in medical coverage provided by a federal retiree plan or a TRICARE plan. To defer PEBB coverage, an employee must apply to the HCA for deferral within 60 days of becoming eligible for retiree coverage and be able to prove continuous coverage.

Summary of Bill: Individuals who separate from a plan 2 PERS, SERS, or TRS position covered by the PEBB and SEBB programs may elect to retain their state employee health insurance upon separation from state employment, regardless of whether they choose to retire from their plan and collect benefits at that time. To be eligible, members must have separated from service on or after January 1, 2024, and either enroll in or defer coverage no later than 60 days after employee coverage ends.
