**Background:** Library Dissolution. Under current law, public libraries, excluding regional, rural, intercounty, or island library district libraries, may be abolished in the same manner they were established: either by the legislative body of its own initiative, or upon the petition of 100 taxpayers from the district whereby the question is submitted to a vote and the library is established or dissolved upon a majority vote.

percent or more of the qualified electors within the district is filed with the district board of trustees no less than 90 days prior to election. Island library districts must also be dissolved if a rural county library district serving all areas of the county, outside of incorporated cities and towns, is established.

**Summary of Bill:** Library Dissolution. Libraries may be dissolved broadly through two processes. The first is dissolution by the legislative body by its own initiative. The second is a petition process whereby a petition must receive support from 35 percent or more of eligible voters and be filed with the board of trustees of the district no later than 90 days prior to the general election. If these steps are completed, the question of dissolution will be placed on the ballot and if the proposition receives a majority vote in favor of dissolution the library is dissolved.
