Brief History:

Committee Activity: State Government & Elections: 1/12/24.

Brief Summary of Bill

- Expands veterans' eligibility for purposes of state benefits and services for veterans.

SENATE COMMITTEE ON STATE GOVERNMENT & ELECTIONS

Staff: Greg Vogel (786-7413)

Background: The state provides various services and benefits for veterans, including:

- admission to state soldiers' and veterans' homes;
- hiring preference and scoring preference on civil service exams;
- special license plates;
- veteran homeownership down payment assistance programs;
- renewal and extension of licenses; and
- services provided by the Department of Veterans Affairs.

A separate status is recognized for veterans who served in a period of war or conflict. Such combat veterans may be eligible to receive additional benefits, including:

- higher scoring preference on civil service exams;
- participation in a designated shared leave pool program;
- special designated license plates;
- property tax relief for senior widows and widowers of veterans; and
- tuition waivers, reductions, and other education benefits.

The state-sponsored retirement systems provide credit to combat veterans for interruptive military service for up to five years of service.

In order to be eligible for state veterans' benefits and programs, veterans generally must have received an honorable discharge or other excusable discharge.

Summary of Bill: Veterans' eligibility for state veterans' programs and benefits is expanded to include any veteran who has received:

- a discharge with an honorable characterization of service;
- a discharge with a general under honorable conditions characterization of service;
- a discharge with an other than honorable characterization of service if the applicant provides certain documentation from the United States Department of Veterans Affairs showing eligibility for or receipt of monetary benefits; or
- any characterization of service if the reason for discharge was listed as due to:
 1. a person's sexual orientation, gender identity, or gender expression;
 2. statements, consensual sexual conduct, or consensual acts relating to sexual orientation, gender identity, or gender expression; or
 3. the disclosure of statements, conduct, or acts relating to sexual orientation, gender identity, or gender expression to military officials.

The Department of Veterans Affairs must develop and implement an outreach program to ensure eligible veterans are aware of state veterans' benefits and programs.

Appropriation: None.

Fiscal Note: Requested on January 2, 2024.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: The bill aligns veterans eligibility for state benefits with federal standards, targeting the population of veterans in the area between honorable and dishonorable discharge. With regard to fiscal impacts, we want you to consider the return on investment to veterans who may be vulnerable, or otherwise, that could benefit from these services. The bill will create eligibility for thousands of veterans across the state, an important safety net for these veterans.

OTHER: The department will ensure outreach on benefits given to all veterans, including those in underserved parts of the state. While we support the expansion of the definition under this bill, counties are concerned about the fiscal impact as this will increase the costs to provide services for a population we do not currently serve.

Persons Testifying: PRO: Senator John Lovick, Prime Sponsor; Mariah Hanley, Attorney General's Office; Rory Paine-Donovan, Attorney General's Office.

OTHER: Juliana Roe, Washington State Association of Counties - WSAC; David Puente, WA State Department of Veterans Affairs.

Persons Signed In To Testify But Not Testifying: No one.
