1 AN ACT Relating to reducing plastic pollution; amending RCW  
2 70A.245.010, 43.21B.110, and 43.21B.300; adding a new section to  
3 chapter 19.27 RCW; adding new sections to chapter 70A.245 RCW;  
4 creating a new section; and prescribing penalties.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that it is in the  
7 public interest to reduce unnecessary plastic waste and sources of  
8 plastic pollution in the environment, especially where less-polluting  
9 and more sustainable alternatives to plastic products and packaging  
10 are available. In this act, the legislature intends to reduce three  
11 such sources of plastic and associated pollution:

12 (1) Single-use plastic water bottles, which frequently end up as  
13 litter;

14 (2) The small plastic containers, wrappers, and packaging for  
15 personal health and beauty products, which are still often provided  
16 in lodging establishments but easily substituted by bulk dispensers  
17 and which are difficult to recycle in current systems; and

18 (3) Floating extruded or expanded plastic foam structures, which  
19 frequently degrade in the environment and contribute to small and  
20 microplastic pollution of marine and shoreline environments.

1        NEW SECTION.    **Sec. 2.**    A new section is added to chapter 19.27  
2    RCW to read as follows:

3        (1) In any construction subject to the requirements of this  
4    chapter in which a drinking fountain is required under a building  
5    code, the rules adopted by the building code council must also  
6    require the provision of a bottle filling station, or a combined  
7    bottle filling station and drinking fountain for each drinking  
8    fountain that is required.

9        (2) The rules required under this section must take effect and be  
10   implemented by July 1, 2026, and may be periodically updated  
11   thereafter.

12       (3) For the purposes of this section, "bottle filling station"  
13   means a plumbing fixture connected to the potable water distribution  
14   system and sanitary drainage system that is designed and intended for  
15   filling personal use drinking water bottles or containers not less  
16   than 10 inches (254 millimeters) in height. A bottle filling station  
17   may be separate from or integral to a drinking fountain and may  
18   incorporate a water filter and a cooling system for chilling the  
19   drinking water.

20       NEW SECTION.    **Sec. 3.**    A new section is added to chapter 70A.245  
21   RCW to read as follows:

22       (1) Beginning June 1, 2024, it is prohibited to sell, distribute,  
23   install, or arrange for the installation of in or into Washington  
24   state:

25       (a) Overwater structures containing expanded or extruded plastic  
26   foam; and

27       (b) Blocks or floats containing or comprised of expanded or  
28   extruded plastic foam and that are intended for use in or in  
29   conjunction with overwater structures.

30       (2)(a) The department may adopt rules to implement, administer,  
31   and enforce this section.

32       (b) A person in violation of this section is subject to a civil  
33   penalty for each violation in an amount not to exceed \$10,000.

34       (c) Penalties collected under this section must be deposited in  
35   the model toxics control operating account created in RCW  
36   70A.305.180.

37       (d) Penalties issued under this section are appealable to the  
38   pollution control hearings board established in chapter 43.21B RCW.

1 (3) For the purposes of this section, overwater structures do not  
2 include floating homes or floating on-water residences, as those  
3 terms are defined in RCW 90.58.270, but do include docks, floats,  
4 walkways, or other accessory overwater structures associated with  
5 floating homes or floating on-water residences.

6 (4) Nothing in this section applies to any dock sold,  
7 distributed, or installed prior to June 1, 2024.

11 or beauty product in a small plastic personal health or beauty  
12 product container, a plastic wrapper, or any other single-use plastic

23 refillable bulk health or beauty product dispensers.

24 (2)(a) The department must issue at least one notice of violation  
25 by certified mail to the owner or operator of a lodging establishment  
26 prior to assessing a penalty under (b) of this subsection.

27 (b)(i) For the first penalized violation by the owner or operator  
28 of a lodging establishment, the department may issue a civil penalty  
29 of up to \$500 for each day the lodging establishment provides  
30 personal health or beauty products in violation of this section.

31 (ii) For the second penalized violation and subsequent violations  
32 by the owner or operator of a lodging establishment, the department

5 and enforce this section.

6 (b) The enforcement of this section must be primarily based on  
7 complaints filed with the department. The department must establish a  
8 forum for the filing of complaints, and any person may file  
9 complaints with the department using the forum. The forum established  
10 by the department may include a complaint form on the department's  
11 website, a telephone hotline, or a public outreach strategy relying  
12 upon electronic social media to receive complaints that allege  
13 violations. The department must provide a website with education and  
14 outreach resources that provides information about the requirements  
15 of this section to lodging establishments, consumers, and other  
16 interested individuals.
