**SUBSTITUTE HOUSE BILL 2296**

---

**State of Washington**

**68th Legislature**

**2024 Regular Session**

**By** House Local Government (originally sponsored by Representatives Griffey, Wylie, Couture, Harris, and Leavitt)

READ FIRST TIME 01/29/24.

1 AN ACT Relating to extending the comprehensive plan revision  
2 schedule for select local governments; and reenacting and amending  
3 RCW 36.70A.130.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 **Sec. 1.** RCW 36.70A.130 and 2023 c 280 s 1 and 2023 c 228 s 15  
6 are each reenacted and amended to read as follows:

7 (1)(a) Each comprehensive land use plan and development  
8 regulations shall be subject to continuing review and evaluation by  
9 the county or city that adopted them. Except as otherwise provided, a  
10 county or city shall take legislative action to review and, if  
11 needed, revise its comprehensive land use plan and development  
12 regulations to ensure the plan and regulations comply with the  
13 requirements of this chapter according to the deadlines in  
14 subsections (4) and (5) of this section.

15 (b)(i) A city or town located within (~~the~~) a county planning  
16 under RCW 36.70A.040 may opt out of a full review and revisions of  
17 its comprehensive plan established in this section if the city or  
18 town meets the following criteria:

19 (A) Has a population fewer than 500;

20 (B) Is not located within 10 miles of a city with a population  
21 over 100,000;

1 (C) Experienced a population growth rate of fewer than 10 percent  
2 in the preceding 10 years; and

3 (D) Has provided the department with notice of its intent to  
4 participate in a partial review and revision of its comprehensive  
5 plan.

6 (ii) The department shall review the population growth rate for a  
7 city or town participating in the partial review and revision of its  
8 comprehensive plan process at least three years before the periodic  
9 update is due as outlined in subsection (4) of this section and  
10 notify cities of their eligibility.

11 (iii) A city or town that opts out of a full review and revision  
12 of its comprehensive plan must update its critical areas regulations  
13 and its capital facilities element and its transportation element.

14 (c) Except as otherwise provided, a county or city not planning  
15 under RCW 36.70A.040 shall take action to review and, if needed,  
16 revise its policies and development regulations regarding critical  
17 areas and natural resource lands adopted according to this chapter to  
18 ensure these policies and regulations comply with the requirements of  
19 this chapter according to the deadlines in subsections (4) and (5) of  
20 this section. Legislative action means the adoption of a resolution  
21 or ordinance following notice and a public hearing indicating at a  
22 minimum, a finding that a review and evaluation has occurred and  
23 identifying the revisions made, or that a revision was not needed and  
24 the reasons therefor.

25 (d) The review and evaluation required by this subsection shall  
26 include, but is not limited to, consideration of critical area  
27 ordinances and, if planning under RCW 36.70A.040, an analysis of the  
28 population allocated to a city or county from the most recent 10-year  
29 population forecast by the office of financial management.

30 (e) Any amendment of or revision to a comprehensive land use plan  
31 shall conform to this chapter. Any amendment of or revision to  
32 development regulations shall be consistent with and implement the  
33 comprehensive plan.

34 (2)(a) Each county and city shall establish and broadly  
35 disseminate to the public a public participation program consistent  
36 with RCW 36.70A.035 and 36.70A.140 that identifies procedures and  
37 schedules whereby updates, proposed amendments, or revisions of the  
38 comprehensive plan are considered by the governing body of the county  
39 or city no more frequently than once every year. "Updates" means to  
40 review and revise, if needed, according to subsection (1) of this

1 section, and the deadlines in subsections (4) and (5) of this section  
2 or in accordance with the provisions of subsection (6) of this  
3 section. Amendments may be considered more frequently than once per  
4 year under the following circumstances:

5 (i) The initial adoption of a subarea plan. Subarea plans adopted  
6 under this subsection (2)(a)(i) must clarify, supplement, or  
7 implement jurisdiction-wide comprehensive plan policies, and may only  
8 be adopted if the cumulative impacts of the proposed plan are  
9 addressed by appropriate environmental review under chapter 43.21C  
10 RCW;

11 (ii) The development of an initial subarea plan for economic  
12 development located outside of the 100 year floodplain in a county  
13 that has completed a state-funded pilot project that is based on  
14 watershed characterization and local habitat assessment;

15 (iii) The adoption or amendment of a shoreline master program  
16 under the procedures set forth in chapter 90.58 RCW;

17 (iv) The amendment of the capital facilities element of a  
18 comprehensive plan that occurs concurrently with the adoption or  
19 amendment of a county or city budget; or

20 (v) The adoption of comprehensive plan amendments necessary to  
21 enact a planned action under RCW 43.21C.440, provided that amendments  
22 are considered in accordance with the public participation program  
23 established by the county or city under this subsection (2)(a) and  
24 all persons who have requested notice of a comprehensive plan update  
25 are given notice of the amendments and an opportunity to comment.

26 (b) Except as otherwise provided in (a) of this subsection, all  
27 proposals shall be considered by the governing body concurrently so  
28 the cumulative effect of the various proposals can be ascertained.  
29 However, after appropriate public participation a county or city may  
30 adopt amendments or revisions to its comprehensive plan that conform  
31 with this chapter whenever an emergency exists or to resolve an  
32 appeal of a comprehensive plan filed with the growth management  
33 hearings board or with the court.

34 (3)(a) Each county that designates urban growth areas under RCW  
35 36.70A.110 shall review, according to the schedules established in  
36 subsections (4) and (5) of this section, its designated urban growth  
37 area or areas, patterns of development occurring within the urban  
38 growth area or areas, and the densities permitted within both the  
39 incorporated and unincorporated portions of each urban growth area.  
40 In conjunction with this review by the county, each city located

1 within an urban growth area shall review the densities permitted  
2 within its boundaries, and the extent to which the urban growth  
3 occurring within the county has located within each city and the  
4 unincorporated portions of the urban growth areas.

5 (b) The county comprehensive plan designating urban growth areas,  
6 and the densities permitted in the urban growth areas by the  
7 comprehensive plans of the county and each city located within the  
8 urban growth areas, shall be revised to accommodate the urban growth  
9 projected to occur in the county for the succeeding 20-year period.  
10 The review required by this subsection may be combined with the  
11 review and evaluation required by RCW 36.70A.215.

12 (c) If, during the county's review under (a) of this subsection,  
13 the county determines revision of the urban growth area is not  
14 required to accommodate the urban growth projected to occur in the  
15 county for the succeeding 20-year period, but does determine that  
16 patterns of development have created pressure in areas that exceed  
17 available, developable lands within the urban growth area, the urban  
18 growth area or areas may be revised to accommodate identified  
19 patterns of development and likely future development pressure for  
20 the succeeding 20-year period if the following requirements are met:

21 (i) The revised urban growth area may not result in an increase  
22 in the total surface areas of the urban growth area or areas;

23 (ii) The areas added to the urban growth area are not or have not  
24 been designated as agricultural, forest, or mineral resource lands of  
25 long-term commercial significance;

26 (iii) Less than 15 percent of the areas added to the urban growth  
27 area are critical areas;

28 (iv) The areas added to the urban growth areas are suitable for  
29 urban growth;

30 (v) The transportation element and capital facility plan element  
31 have identified the transportation facilities, and public facilities  
32 and services needed to serve the urban growth area and the funding to  
33 provide the transportation facilities and public facilities and  
34 services;

35 (vi) The urban growth area is not larger than needed to  
36 accommodate the growth planned for the succeeding 20-year planning  
37 period and a reasonable land market supply factor;

38 (vii) The areas removed from the urban growth area do not include  
39 urban growth or urban densities; and

1 (viii) The revised urban growth area is contiguous, does not  
2 include holes or gaps, and will not increase pressures to urbanize  
3 rural or natural resource lands.

4 (4) Except as otherwise provided in subsections (6) and (8) of  
5 this section, counties and cities shall take action to review and, if  
6 needed, revise their comprehensive plans and development regulations  
7 to ensure the plan and regulations comply with the requirements of  
8 this chapter as follows:

9 (a) On or before June 30, 2015, for King, Pierce, and Snohomish  
10 counties and the cities within those counties;

11 (b) On or before June 30, 2016, for Clallam, Clark, Island,  
12 Jefferson, Kitsap, Mason, San Juan, Skagit, Thurston, and Whatcom  
13 counties and the cities within those counties;

14 (c) On or before June 30, 2017, for Benton, Chelan, Cowlitz,  
15 Douglas, Kittitas, Lewis, Skamania, Spokane, and Yakima counties and  
16 the cities within those counties; and

17 (d) On or before June 30, 2018, for Adams, Asotin, Columbia,  
18 Ferry, Franklin, Garfield, Grant, Grays Harbor, Klickitat, Lincoln,  
19 Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and  
20 Whitman counties and the cities within those counties.

21 (5) Except as otherwise provided in subsections (6) and (8) of  
22 this section, following the review of comprehensive plans and  
23 development regulations required by subsection (4) of this section,  
24 counties and cities shall take action to review and, if needed,  
25 revise their comprehensive plans and development regulations to  
26 ensure the plan and regulations comply with the requirements of this  
27 chapter as follows:

28 (a) Except as provided in subsection (10) of this section, on or  
29 before December 31, 2024, with the following review and, if needed,  
30 revision on or before June 30, 2034, and then every 10 years  
31 thereafter, for King, Kitsap, Pierce, and Snohomish counties and the  
32 cities within those counties;

33 (b) On or before (~~June 30~~) December 31, 2025, (~~and~~) with the  
34 following review and, if needed, revision on or before June 30, 2035,  
35 and then every 10 years thereafter, for Clallam, Clark, Island,  
36 Jefferson, Lewis, Mason, San Juan, Skagit, Thurston, and Whatcom  
37 counties and the cities within those counties;

38 (c) On or before June 30, 2026, and every 10 years thereafter,  
39 for Benton, Chelan, Cowlitz, Douglas, Franklin, Kittitas, Skamania,

1 Spokane, Walla Walla, and Yakima counties and the cities within those  
2 counties; and

3 (d) On or before June 30, 2027, and every 10 years thereafter,  
4 for Adams, Asotin, Columbia, Ferry, Garfield, Grant, Grays Harbor,  
5 Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens,  
6 Wahkiakum, and Whitman counties and the cities within those counties.

7 (6) (a) Nothing in this section precludes a county or city from  
8 conducting the review and evaluation required by this section before  
9 the deadlines established in subsections (4) and (5) of this section.  
10 Counties and cities may begin this process early and may be eligible  
11 for grants from the department, subject to available funding, if they  
12 elect to do so.

13 (b) A county that is subject to a deadline established in  
14 subsection (5) (b) through (d) of this section and meets the following  
15 criteria may comply with the requirements of this section at any time  
16 within the 24 months following the deadline established in subsection  
17 (5) of this section: The county has a population of less than 50,000  
18 and has had its population increase by no more than 17 percent in the  
19 10 years preceding the deadline established in subsection (5) of this  
20 section as of that date.

21 (c) A city that is subject to a deadline established in  
22 subsection (5) (b) through (d) of this section and meets the following  
23 criteria may comply with the requirements of this section at any time  
24 within the 24 months following the deadline established in subsection  
25 (5) of this section: The city has a population of no more than 5,000  
26 and has had its population increase by the greater of either no more  
27 than 100 persons or no more than 17 percent in the 10 years preceding  
28 the deadline established in subsection (5) of this section as of that  
29 date.

30 (d) State agencies are encouraged to provide technical assistance  
31 to the counties and cities in the review of critical area ordinances,  
32 comprehensive plans, and development regulations.

33 (7) (a) The requirements imposed on counties and cities under this  
34 section shall be considered "requirements of this chapter" under the  
35 terms of RCW 36.70A.040(1). Only those counties and cities that meet  
36 the following criteria may receive grants, loans, pledges, or  
37 financial guarantees under chapter 43.155 or 70A.135 RCW:

38 (i) Complying with the deadlines in this section; or

1 (ii) Demonstrating substantial progress towards compliance with  
2 the schedules in this section for development regulations that  
3 protect critical areas.

4 (b) A county or city that is fewer than 12 months out of  
5 compliance with the schedules in this section for development  
6 regulations that protect critical areas is making substantial  
7 progress towards compliance. Only those counties and cities in  
8 compliance with the schedules in this section may receive preference  
9 for grants or loans subject to the provisions of RCW 43.17.250.

10 (8)(a) Except as otherwise provided in (c) of this subsection, if  
11 a participating watershed is achieving benchmarks and goals for the  
12 protection of critical areas functions and values, the county is not  
13 required to update development regulations to protect critical areas  
14 as they specifically apply to agricultural activities in that  
15 watershed.

16 (b) A county that has made the election under RCW 36.70A.710(1)  
17 may only adopt or amend development regulations to protect critical  
18 areas as they specifically apply to agricultural activities in a  
19 participating watershed if:

20 (i) A work plan has been approved for that watershed in  
21 accordance with RCW 36.70A.725;

22 (ii) The local watershed group for that watershed has requested  
23 the county to adopt or amend development regulations as part of a  
24 work plan developed under RCW 36.70A.720;

25 (iii) The adoption or amendment of the development regulations is  
26 necessary to enable the county to respond to an order of the growth  
27 management hearings board or court;

28 (iv) The adoption or amendment of development regulations is  
29 necessary to address a threat to human health or safety; or

30 (v) Three or more years have elapsed since the receipt of  
31 funding.

32 (c) Beginning 10 years from the date of receipt of funding, a  
33 county that has made the election under RCW 36.70A.710(1) must review  
34 and, if necessary, revise development regulations to protect critical  
35 areas as they specifically apply to agricultural activities in a  
36 participating watershed in accordance with the review and revision  
37 requirements and timeline in subsection (5) of this section. This  
38 subsection (8)(c) does not apply to a participating watershed that  
39 has determined under RCW 36.70A.720(2)(c)(ii) that the watershed's  
40 goals and benchmarks for protection have been met.

1 (9) (a) Counties subject to planning deadlines established in  
2 subsection (5) of this section that are required or that choose to  
3 plan under RCW 36.70A.040 and that meet either criteria of (a) (i) or  
4 (ii) of this subsection, and cities with a population of more than  
5 6,000 as of April 1, 2021, within those counties, must provide to the  
6 department an implementation progress report detailing the progress  
7 they have achieved in implementing their comprehensive plan five  
8 years after the review and revision of their comprehensive plan. Once  
9 a county meets the criteria in (a) (i) or (ii) of this subsection, the  
10 implementation progress report requirements remain in effect  
11 thereafter for that county and the cities therein with populations  
12 greater than 6,000 as of April 1, 2021, even if the county later no  
13 longer meets either or both criteria. A county is subject to the  
14 implementation progress report requirement if it meets either of the  
15 following criteria on or after April 1, 2021:

16 (i) The county has a population density of at least 100 people  
17 per square mile and a population of at least 200,000; or

18 (ii) The county has a population density of at least 75 people  
19 per square mile and an annual growth rate of at least 1.75 percent as  
20 determined by the office of financial management.

21 (b) The department shall adopt guidelines for indicators,  
22 measures, milestones, and criteria for use by counties and cities in  
23 the implementation progress report that must cover:

24 (i) The implementation of previously adopted changes to the  
25 housing element and any effect those changes have had on housing  
26 affordability and availability within the jurisdiction;

27 (ii) Permit processing timelines; and

28 (iii) Progress toward implementing any actions required to  
29 achieve reductions to meet greenhouse gas and vehicle miles traveled  
30 requirements as provided for in any element of the comprehensive plan  
31 under RCW 36.70A.070.

32 (c) If a city or county required to provide an implementation  
33 progress report under this subsection (9) has not implemented any  
34 specifically identified regulations, zoning and land use changes, or  
35 taken other legislative or administrative action necessary to  
36 implement any changes in the most recent periodic update in their  
37 comprehensive plan by the due date for the implementation progress  
38 report, the city or county must identify the need for such action in  
39 the implementation progress report. Cities and counties must adopt a  
40 work plan to implement any necessary regulations, zoning and land use

1 changes, or take other legislative or administrative action  
2 identified in the implementation progress report and complete all  
3 work necessary for implementation within two years of submission of  
4 the implementation progress report.

5 (10) Any county or city that is required by RCW 36.70A.095 to  
6 include in its comprehensive plan a climate change and resiliency  
7 element and that is also required by subsection (5)(a) of this  
8 section to review and, if necessary, revise its comprehensive plan on  
9 or before December 31, 2024, must update its transportation element  
10 and incorporate a climate change and resiliency element into its  
11 comprehensive plan as part of the first implementation progress  
12 report required by subsection (9) of this section if funds are  
13 appropriated and distributed by December 31, 2027, as required under  
14 RCW 36.70A.070(10).
