## SECOND SUBSTITUTE SENATE BILL 5263

State of Washington 69th Legislature 2025 Regular Session

By Senate Ways & Means (originally sponsored by Senators Pedersen, Braun, Bateman, Chapman, Conway, Dhingra, Frame, Krishnadasan, Liias, Nobles, Orwall, Salomon, Shewmake, Stanford, Valdez, and C. Wilson)

READ FIRST TIME 02/28/25.

AN ACT Relating to special education funding; amending RCW 2 28A.150.390, 28A.150.392, 43.216.580, and 28A.150.560; adding new 3 sections to chapter 28A.155 RCW; creating a new section; and 4 providing an effective date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 <u>NEW SECTION.</u> Sec. 1. The legislature finds that students 7 receiving special education services are entitled, under both federal 8 and state law, to a free appropriate public education that enables 9 their full participation.

10 The legislature finds that special education is part of the 11 state's statutory program of basic education that is deemed by the 12 legislature to implement Article IX, section 1 of the state 13 Constitution.

14 Sec. 2. RCW 28A.150.390 and 2024 c 229 s 1 are each amended to 15 read as follows:

16 (1) The superintendent of public instruction shall submit to each 17 regular session of the legislature during an odd-numbered year a 18 programmed budget request for special education programs for students 19 with disabilities. Funding for programs operated by local school 20 districts shall be on an excess cost basis from appropriations 1 provided by the legislature for special education programs for 2 students with disabilities and shall take account of state funds 3 accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 4 28A.150.415.

5 (2) The excess cost allocation to school districts shall be based 6 on the following:

(a) A district's annual average head count enrollment of students
ages three and four and those five year olds not yet enrolled in
kindergarten who are eligible for and receiving special education,
multiplied by the district's base allocation per full-time equivalent
student, multiplied by ((1.2)) 1.32;

(b) ((<del>(i) Subject to the limitation in (b)(ii) of this subsection</del> 12  $\frac{(2)}{(2)}$ ,  $\underline{A}$  district's annual average enrollment of resident students 13 who are eligible for and receiving special education, excluding 14 15 students ages three and four and those five year olds not yet enrolled in kindergarten, multiplied by <u>either</u> the district's base 16 allocation per full-time equivalent student or the state average base 17 allocation per full-time equivalent student, whichever is greater, 18 19 multiplied by the special education cost multiplier rate of((:

20

(A) Beginning in the 2020-21 school year, either:

21 (I) 1.0075 for students eligible for and receiving special 22 education and reported to be in the general education setting for 80 23 percent or more of the school day; or

24 (II) 0.995 for students eligible for and receiving special 25 education and reported to be in the general education setting for 26 less than 80 percent of the school day;

27

(B) Beginning in the 2023-24 school year, either:

28 (I) 1.12 for students eligible for and receiving special 29 education and reported to be in the general education setting for 80 30 percent or more of the school day; or

31 (II) 1.06 for students eligible for and receiving special 32 education and reported to be in the general education setting for 33 less than 80 percent of the school day.

34 (ii) If the enrollment percent exceeds 16 percent, the excess 35 cost allocation calculated under (b)(i) of this subsection must be 36 adjusted by multiplying the allocation by 16 percent divided by the 37 enrollment percent)) <u>1.32</u>.

(3) The superintendent of public instruction may reserve amounts 38 39 up to .005 of the funding generated under subsection (2) of this

1 section to use for statewide special education activities outlined in

2 <u>section 5 of this act.</u>

3 <u>(4)</u> As used in this section:

4 (a) (("Base)) "District's base allocation" means the total state 5 allocation to all schools in the district generated by the 6 distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) 7 and the allocation under RCW 28A.150.415, to be divided by the 8 district's full-time equivalent enrollment.

9 (b) "State average base allocation" means the total state 10 allocation to all school districts in the state generated by the 11 distribution formula under RCW 28A.150.260 (4) (a), (5), (6), and (8) 12 and the allocation under RCW 28A.150.415, to be divided by the 13 state's full-time equivalent enrollment.

14 (((b) "Basic education enrollment" means enrollment of resident 15 students including nonresident students enrolled under RCW 16 28A.225.225 and students from nonhigh districts enrolled under RCW 17 28A.225.210 and excluding students residing in another district 18 enrolled as part of an interdistrict cooperative program under RCW 19 28A.225.250.

20 (c) "Enrollment percent" means the district's resident annual 21 average enrollment of students who are eligible for and receiving 22 special education, excluding students ages three and four and those 23 five year olds not yet enrolled in kindergarten and students enrolled 24 in institutional education programs, as a percent of the district's 25 annual average full-time equivalent basic education enrollment.))

26 Sec. 3. RCW 28A.150.392 and 2024 c 127 s 2 are each amended to 27 read as follows:

(1) (a) To the extent necessary, funds shall be made available for
 safety net awards for districts with demonstrated needs for special
 education funding beyond the amounts provided through the special
 education funding formula under RCW 28A.150.390.

32 (b) If the federal safety net awards based on the federal 33 eligibility threshold exceed the federal appropriation in any fiscal 34 year, then the superintendent shall expend all available federal 35 discretionary funds necessary to meet this need.

36 (2) Safety net funds shall be awarded by the state safety net 37 oversight committee subject to the following conditions and 38 limitations:

(a) The committee shall award additional funds for districts that 1 can convincingly demonstrate that all legitimate expenditures for 2 3 special education exceed all available revenues from state funding formulas. When determining award eligibility and amounts  $((\frac{1}{1}))_{L}$  the 4 committee shall limit its review to relevant documentation that 5 6 illustrates adherence to award criteria. The committee shall not make determinations regarding the content of individualized education 7 programs beyond confirming documented and quantified services and 8 evidence of corresponding expenditures for which a school district 9 seeks reimbursement. 10

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

13 (c) Differences in program costs attributable to district 14 philosophy, service delivery choice, or accounting practices are not 15 a legitimate basis for safety net awards.

16 (d) In the determination of need, the committee shall require 17 that districts demonstrate that they are maximizing their eligibility 18 for all state revenues related to services for students eligible for 19 special education and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B 20 and appropriate special projects. Awards associated with (e) ((and 21 (f)) of this subsection shall not exceed the total of a district's 22 23 specific determination of need.

(e) The committee shall then consider the extraordinary high cost
needs of one or more individual students eligible for and receiving
special education. Differences in costs attributable to district
philosophy, service delivery choice, or accounting practices are not
a legitimate basis for safety net awards.

(f) ((Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

36 (g)) The committee shall then consider the extraordinary high 37 cost needs of one or more individual students eligible for and 38 receiving special education served in residential schools, programs 39 for juveniles under the department of corrections, and programs for

1 juveniles operated by city and county jails to the extent they are 2 providing a secondary program of education.

3 ((<del>(h)</del>)) <u>(g)</u> The maximum allowable indirect cost for calculating 4 safety net eligibility may not exceed the federal restricted indirect 5 cost rate for the district plus one percent.

6 ((<del>(i)</del>)) <u>(h)</u> Safety net awards shall be adjusted based on the 7 percent of potential medicaid eligible students billed as calculated 8 by the superintendent of public instruction in accordance with 9 chapter 318, Laws of 1999.

10 (((j))) (i) Safety net awards must be adjusted for any unresolved 11 audit findings or exceptions related to special education funding. 12 Safety net awards may only be adjusted for errors in safety net 13 applications or individualized education programs that materially 14 affect the demonstration of need.

(3) The superintendent of public instruction shall adopt such 15 16 rules and procedures as are necessary to administer the special 17 education funding and safety net award process. ((By December 1, 2018, the superintendent shall review and revise the rules to achieve 18 full and complete implementation of the requirements of this 19 subsection and subsection (4) of this section including revisions to 20 21 rules that provide additional flexibility to access community impact awards.)) Before revising any standards, procedures, or rules, the 22 superintendent shall consult with the office of financial management 23 and the fiscal committees of the legislature. In adopting and 24 25 revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for 26 submission are not in conflict, feedback to school districts is 27 28 timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net 29 application, and that there is consistency between awards approved by 30 31 school district and by application period. The office of the 32 superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special 33 education safety net applications. 34

(4) (a) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that

summarizes the survey results and those changes made to the safety
 net process as a result of the school district feedback.

3 (b) By December 1, 2024, the office of the superintendent of public instruction must develop a survey requesting specific feedback 4 on the safety net application process from school districts with 5 6 3,000 or fewer students. The survey must include, at a minimum, questions regarding the average amount of time school district staff 7 spend gathering safety net application data, filling out application 8 forms, and correcting application deficiencies. The survey must also 9 include questions to help identify which application components are 10 the most challenging and time consuming for school districts to 11 complete. By December 1, 2025, the office of the superintendent of 12 public instruction must use this feedback to implement a simplified, 13 standardized safety net application for all school districts that 14 reduces barriers to safety net funding. 15

16 (5) The safety net oversight committee appointed by the 17 superintendent of public instruction shall consist of:

18 (a) One staff member from the office of the superintendent of 19 public instruction;

20 (b) Staff of the office of the state auditor who shall be 21 nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

25 (6)((<del>(a)</del>)) <u>Beginning in the 2025-26 school year, the office of</u> 26 <u>the superintendent of public instruction must distribute safety net</u> 27 <u>awards to school districts on a quarterly basis if the following</u> 28 <u>criteria are met:</u>

29 (a) The safety net award is provided for a high cost student who 30 receives special education services from an authorized entity, as 31 defined under RCW 28A.300.690, located outside of the state of 32 Washington;

33 (b) The school district successfully applied for and received a 34 safety net award for the high cost student in a prior school year and 35 the student's placement has not changed since that safety net award 36 was granted; and

37 (c) The school district meets all other safety net award 38 <u>eligibility requirements as determined by the safety net oversight</u> 39 committee. 1 (7) Beginning in the ((2019-20)) 2025-26 school year, a high-need 2 student is eligible for safety net awards from state funding under 3 subsection (2)(e) and (((g))) (f) of this section if the student's 4 individualized education program costs exceed ((two and three-5 tenths)) 1.75 times the average per-pupil expenditure as defined in 6 Title 20 U.S.C. Sec. 7801, the every student succeeds act of 2015((-

7 (b) Beginning in the 2023-24 school year, a high-need student is 8 eligible for safety net awards from state funding under subsection 9 (2)(e) and (g) of this section if the student's individualized 10 education program costs exceed:

11 (i) 2 times the average per-pupil expenditure, for school 12 districts with fewer than 1,000 full-time equivalent students;

13 (ii) 2.2 times the average per-pupil expenditure, for school 14 districts with 1,000 or more full-time equivalent students.

15 (c) For purposes of (b) of this subsection, "average per-pupil 16 expenditure" has the same meaning as in 20 U.S.C. Sec. 7801, the 17 every student succeeds act of 2015, and excludes)), excluding safety 18 net funding provided in this section.

19 Sec. 4. RCW 43.216.580 and 2024 c 284 s 1 are each amended to 20 read as follows:

(1) The department is the state lead agency for Part C of the 21 22 federal individuals with disabilities education act. The department shall administer the early support for infants and toddlers program, 23 24 to provide early intervention services to all eligible children with disabilities from birth to three years of age. Eligibility shall be 25 determined according to Part C of the federal individuals with 26 27 disabilities education act or other applicable federal and state laws, and as specified in the Washington Administrative Code adopted 28 by the department. Services provided under this section shall not 29 30 supplant services or funding currently provided in the state for 31 early intervention services to eligible children with disabilities 32 from birth to three years of age.

33 (2)(a) Funding for the early support for infants and toddlers 34 program shall be appropriated to the department based on the annual 35 average head count of children ages birth to three who are eligible 36 for and receiving early intervention services, multiplied by the 37 total statewide allocation generated by the distribution formula 38 under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation 39 under RCW 28A.150.415, per the statewide full-time equivalent

1 enrollment in common schools, multiplied by ((1.15)) the multiplier 2 used in RCW 28A.150.390(2)(a).

3 (b) The department shall distribute funds to early intervention 4 services providers, and, when appropriate, to county lead agencies.

5 (c) For the purposes of this subsection (2), a child is receiving 6 early intervention services if the child has received services within 7 the same month as the monthly count day, which is the last business 8 day of the month.

9 (3) Federal funds associated with Part C of the federal 10 individuals with disabilities education act shall be subject to payor 11 of last resort requirements pursuant to 34 C.F.R. Sec. 303.510 (2020) 12 for birth-to-three early intervention services provided under this 13 section.

14 (4) The services in this section are not part of the state's 15 program of basic education pursuant to Article IX of the state 16 Constitution.

17 <u>NEW SECTION.</u> Sec. 5. A new section is added to chapter 28A.155 18 RCW to read as follows:

(1) The superintendent of public instruction shall engage in
 statewide special education activities to support students receiving
 special education services.

22 (a) The statewide activities must include:

(i) Annually reviewing data from local education agencies, including the percentage of students receiving special education services, to ensure there is not a disproportionate identification of students, as defined by the superintendent of public instruction in accordance with federal requirements of the individuals with disabilities education act, 20 U.S.C. Sec. 1400;

29 (ii) Providing technical assistance to school districts with 30 disproportionate data;

31 (iii) Requiring districts with disproportionate data to complete 32 and submit to the office of the superintendent of public instruction 33 a self-assessment that includes an audit of student evaluations and 34 individualized education programs;

35 (iv) Implementing follow-up actions based on the results of the 36 self-assessment required in (a)(iii) of this subsection if determined 37 necessary; and

1 (v) Developing and maintaining a statewide online system for 2 individualized education programs as directed under section 6 of this 3 act.

4

(b) The statewide activities may include:

5 (i) Providing professional development in inclusionary practices 6 to local education agencies, schools, and community partners in 7 promoting inclusionary teaching practices within a multitiered system 8 of supports framework to help safeguard against over-identification 9 and other issues related to disproportionality; and

10 (ii) Providing a funding match to local education agencies that 11 opt to allocate federal funding for coordinated, early intervening 12 services per 34 C.F.R. Sec. 300.226.

13 (2) The superintendent of public instruction shall annually 14 report to the education committees of the legislature, in accordance 15 with RCW 43.01.036, by December 1st on the statewide activities 16 funded under RCW 28A.150.390(3). The 2025 and 2026 annual reports 17 must include an update on the impact of removing the cap on the 18 special education enrollment percentage, including the impact on 19 safety net needs.

20 <u>NEW SECTION.</u> Sec. 6. A new section is added to chapter 28A.155 21 RCW to read as follows:

(1) The superintendent of public instruction shall develop and maintain a statewide online system for individualized education programs. In developing the online system, the superintendent of public instruction must consult with a nonprofit information processing cooperative authorized under RCW 28A.310.180.

27

(2) The purpose of the online system is to:

(a) Provide a uniform, centralized platform for creating andmanaging individualized education programs;

30 (b) Ensure compliance with federal and state special education 31 requirements;

32 (c) Improve the efficiency and effectiveness of individualized33 education program development and oversight; and

34 (d) Improve educator collaboration and serve as an instructional 35 tool designed to improve educational outcomes by aligning 36 individualized supports and services with evidence-based 37 instructional practices.

38 (3) The online system must:

(a) Have a statewide model that is made available at no cost to
 school districts, charter schools established under chapter 28A.710
 RCW, and state-tribal education compact schools subject to chapter
 28A.715 RCW;

5 (b) Incorporate safeguards to protect confidential student 6 information, including compliance with the federal family educational 7 rights and privacy act and any other applicable privacy laws;

8 (c) Allow for secure, role-based access so that only authorized 9 users may view or modify individualized education programs;

10 (d) Be able to integrate emerging technologies to continually 11 enhance its functionality and effectiveness;

(e) Ensure that individualized education programs can show
evidence of access to grade-level standards, reasonable progress,
improved student outcomes, and students' strengths and needs;

15

(f) Include integrated language support and translation services;

16 (g) Allow for robust family engagement, including access to 17 information about student progress that includes both qualitative and 18 quantitative data and that provides information about how 19 individualized education program goals connect to grade-level 20 standards; and

21 (h) Comply with applicable state and federal accessibility 22 standards.

(4) The superintendent of public instruction shall ensure statewide professional development opportunities are available to educators, administrators, and families to support the effective use and implementation of the statewide online system for individualized education programs, including targeted technical assistance.

28 Sec. 7. RCW 28A.150.560 and 2023 c 417 s 6 are each amended to 29 read as follows:

(1) It is the policy of the state that for purposes of state funding allocations, students eligible for and receiving special education generate the full basic education allocation under RCW 28A.150.260 and, as a class, are to receive the benefits of this allocation for the entire school day, as defined in RCW 28A.150.203, whether the student is placed in the general education setting or another setting.

37 (2) The superintendent of public instruction shall develop an 38 allocation and cost accounting methodology that ensures state general 39 apportionment funding for students who receive their basic education

1 services primarily in an alternative classroom or setting are prorated and allocated to the special education program and accounted 2 for before calculating special education excess costs. The proration 3 and allocation of general apportionment funding allocated to the 4 special education program may not be based on an individual 5 district's least restrictive environment percentage. A uniform 6 percentage of general apportionment funding for special education 7 students may be adopted by the superintendent of public instruction 8 for proration and allocation. 9

10 <u>(3)</u> Nothing in this section requires districts to provide 11 services in a manner inconsistent with the student's individualized 12 education program or other than in the least restrictive environment 13 as determined by the individualized education program team.

14 (((3))) (4) The superintendent of public instruction shall 15 provide the legislature with an accounting of prorated general 16 apportionment allocations provided to special education programs 17 broken down by school district by January 1, 2024, and then every 18 January 1st of odd-numbered years thereafter.

19 <u>NEW SECTION.</u> Sec. 8. This act takes effect September 1, 2025.

--- END ---
