Short title—Savings—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

Intent—1990 1st ex.s. c 11: "The legislature recognizes the rising costs of health insurance premiums for school employees, and the increasing need to ensure effective use of state benefit dollars to obtain basic coverage for employees and their dependents. In school districts that do not pool benefit allocations among employees, increases in premium rates create particular hardships for employees

with families. For many of these employees, the increases translate directly into larger payroll deductions simply to maintain basic benefits.

The goal of this act is to provide access for school employees to basic coverage, including coverage for dependents, while minimizing employees' out-of-pocket premium costs. Unnecessary utilization of medical services can contribute to rising health insurance costs. Therefore, the legislature intends to encourage plans that promote appropriate utilization without creating major barriers to access to care. The legislature also intends that school districts pool state benefit allocations so as to eliminate major differences in out-of-pocket premium expenses for employees who do and do not need coverage for dependents." RCW 28A.400.205 Salary inflationary increases for employees —"Inflationary adjustment index" defined. (1) School district employees shall be provided an annual salary inflationary increase in accordance with this section.

(a) The inflationary increase shall be calculated by applying the rate of the yearly increase in the inflationary adjustment index to any state-funded salary base used in state funding formulas for teachers and other school district employees. Beginning with the 2019-20 school year, each school district shall be provided an inflationary adjustment allocation sufficient to grant this inflationary increase.

(b) A school district shall distribute its inflationary adjustment allocation for salaries and salary-related benefits in accordance with the district's collective bargaining agreements and compensation policies. No later than the end of the school year, each school district shall certify to the superintendent of public instruction that it has spent funds provided for inflationary increases on salaries and salary-related benefits.

(c) Any funded inflationary increase shall be included in the salary base used to determine inflationary increases for school employees in subsequent years. For teachers and other certificated

instructional staff, the rate of the annual inflationary increase funded for certificated instructional staff shall be applied to the base salary used with the statewide salary allocation methodology established under RCW 28A.150.410 and to any other salary allocation methodologies used to recognize school district personnel costs.

(2) For the purposes of this section, "inflationary adjustment index" means:

(a) For the 2023-24 school year, 3.7 percent; and

(b) Beginning with the 2024-25 school year, the implicit price deflator for the previous calendar year as of the beginning of the school year, using the official current base, compiled by the bureau of economic analysis, United States department of commerce. RCW 28A.400.206 Cost-of-living increases—Duty of state. The Washington Constitution establishes "the paramount duty of the state to make ample provision for the education of all children." Providing quality education for all children in Washington requires well-qualified and experienced teachers and other school employees. However, salaries for educators have not kept up with the increased

cost-of-living in the state. The failure to keep up with inflation threatens Washington's ability to compete with other states to attract first-rate teachers to Washington classrooms and to keep well-qualified educators from leaving for other professions. The state must provide a fair and reasonable cost-of-living increase, as provided in chapter 20, Laws of 2003 1st sp. sess., to help ensure that the state attracts and keeps the best teachers and school employees for the children of Washington. RCW 28A.400.210 Employee attendance incentive program—Remuneration or benefit plan for unused sick leave. Every school district board of directors may, in accordance with chapters 41.56 and 41.59 RCW, establish an attendance incentive program for all certificated and classified employees in the following manner, including covering persons who were employed during the 1982-'83 school year:

(1) In January of the year following any year in which a minimum of sixty days of leave for illness or injury is accrued, and each January thereafter, any eligible employee may exercise an option to receive remuneration for unused leave for illness or injury accumulated in the previous year at a rate equal to one day's monetary compensation of the employee for each four full days of accrued leave for illness or injury in excess of sixty days. Leave for illness or injury for which compensation has been received shall be deducted from accrued leave for illness or injury at the rate of four days for every one day's monetary compensation. No employee may receive compensation under this section for any portion of leave for illness or injury accumulated at a rate in excess of one day per month.

(2) Except as provided in RCW 28A.400.212, at the time of separation from school district employment an eligible employee or the employee's estate shall receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four full days accrued leave for illness or injury. For purposes of this subsection, "eligible employee" means (a) employees who separate from employment due to retirement or death; (b) employees who separate from employment and who are at least age fifty-five and have at least ten years of service under the teachers' retirement system plan 3 as defined in RCW 41.32.010(33), or under the Washington school employees' retirement system plan 3 as defined in RCW 41.35.010(25); or (c) employees who separate from employment and who are at least age fifty-five and have at least fifteen years of service under the teachers' retirement system plan 2 as defined in RCW 41.32.010(32), under the Washington school employees' retirement system plan 2 as defined in RCW 41.35.010(24), or under the public employees' retirement system plan 2 as defined in RCW 41.40.010(28).

(3) In lieu of remuneration for unused leave for illness or injury as provided in subsections (1) and (2) of this section, a school district board of directors may, with equivalent funds, provide eligible employees a benefit plan that provides reimbursement for medical expenses. Any benefit plan adopted after July 28, 1991, shall require, as a condition of participation under the plan, that the

employee sign an agreement with the district to hold the district harmless should the United States government find that the district or the employee is in debt to the United States as a result of the employee not paying income taxes due on the equivalent funds placed into the plan, or as a result of the district not withholding or deducting any tax, assessment, or other payment on such funds as required under federal law.

Moneys or benefits received under this section shall not be included for the purposes of computing a retirement allowance under any public retirement system in this state.

The superintendent of public instruction in its administration hereof, shall promulgate uniform rules and regulations to carry out the purposes of this section.

Should the legislature revoke any benefits granted under this section, no affected employee shall be entitled thereafter to receive such benefits as a matter of contractual right. RCW 28A.400.212 Employee attendance incentive program—Effect of early retirement. An employee of a school district that has established an attendance incentive program under RCW 28A.400.210 who retires under section 1 or 3, chapter 234, Laws of 1992, section 1 or 3, chapter 86, Laws of 1993, or section 4 or 6, chapter 519, Laws of 1993, shall receive, at the time of his or her separation from school district employment, not less than one-half of the remuneration for accrued leave for illness or injury payable to him or her under the district's incentive program. The school district board of directors may, at its discretion, pay the remainder of such an employee's remuneration for accrued leave for illness or injury after the time of the employee's separation from school district employment, but the employee or the employee's estate is entitled to receive the remainder of the remuneration no later than the date the employee would have been eligible to retire under the provisions of RCW 41.40.180 or 41.32.480 had the employee continued to work for the district until eligible to retire, or three years following the date of the employee's separation from school district employment, whichever occurs first. A district exercising its discretion under this section to pay the remainder of the remuneration after the time of the employee's separation from school district employment shall establish a policy and procedure for paying the remaining remuneration that applies to all affected employees equally and without discrimination. Any remuneration paid shall be based on the number of days of leave the employee had accrued and the compensation the employee received at the time he or she retired under section 1 or 3, chapter 234, Laws of 1992, section 1 or 3, chapter 86, Laws of 1993, or section 4 or 6,

Findings—Goals—Intent—2012 2nd sp.s. c 3: "(1) The legislature finds that:

(a) Each year, nearly one billion dollars in public funds are spent on the purchase of employee insurance benefits for more than two hundred thousand public school employees and their dependents;

(b) The legislature and school districts and their employees need better information to improve current practices and inform future decisions with regard to health insurance benefits;

(c) Recent work by the state auditor's office and the state health care authority have advanced discussions throughout the state on opportunities to improve the current system; and

(d) Two major themes have emerged: (i) The state, school districts, and employees need better information and data to make better health insurance purchasing decisions within the K-12 system; (ii) affordability is a significant concern for all employees, especially for employees seeking full family insurance coverage and for the lowest-paid and part-time employees.

(2) The legislature establishes the following goals:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers' funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and for employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings, and significantly reduce administrative costs; and

(d) Provide greater parity in state allocations for state employee and K-12 employee health benefits.

(1) Except as provided in subsection (2) of this section, school districts may provide employer fringe benefit contributions after October 1, 1990, only for basic benefits. However, school districts may continue payments under contracts with employees or benefit providers in effect on April 13, 1990, until the contract expires.

(2) (a) School districts may provide employer contributions after October 1, 1990, for optional benefit plans, in addition to basic benefits. Beginning January 1, 2020, school district optional benefits must not compete with any form of the basic or optional benefits offered in the school employees' benefits board program either under the school employees' benefits board's authority in RCW 41.05.740 or offered under the authority of the health care authority in the salary reduction plan authorized in RCW 41.05.300 and 41.05.310.

(b) Beginning December 1, 2019, and each December 1st thereafter, school district optional benefits must be reported to the school employees' benefits board and health care authority.

(c) School districts, and the applicable carrier, must work with the health care authority to either modify and remove competing components of the district-based benefit or end any district-based benefit offering in competition with either the health care authority's or the school employees' benefits board offered benefits.

(d) Unless the school employees' benefits board offers such benefits, school districts may offer only the following optional benefits to school employees:

(i) Benefits listed in RCW 41.05.745(1) (a) through (i), offered as employee-paid, voluntary benefits that may be administered by using payroll deductions; and

(ii) Voluntary employees' beneficiary association accounts, including benefit plans authorized in RCW 28A.400.210(3).

(3) School districts are not intended to divert state basic benefit allocations for other purposes. Beginning January 1, 2020, school districts must offer all benefits offered by the school employees' benefits board administered by the health care authority, and consistent with RCW 41.56.500(2).

(4) Any optional benefits offered by a school district under subsection (2) of this section are considered an enhancement to the state's definition of basic education. [2020 c 231 s 1; 2018 c 260 s 29; 2017 3rd sp.s. c 13 s 815; 2012 2nd sp.s. c 3 s 2; 2011 c 269 s 1; 1990 1st ex.s. c 11 s 6.]

RCW 28A.400.285 Contracts for services performed by classified employees. (1) When a school district or educational service district enters into a contract for services that had been previously performed by classified school employees, the contract shall contain a specific clause requiring the contractor to provide for persons performing such services under the contract, health benefits that are similar to those

provided for school employees who would otherwise perform the work, but in no case are such health benefits required to be greater than the benefits provided for basic health care services under chapter 70.47 RCW.

(2) Decisions to enter into contracts for services by a school district or educational service district may only be made: (a) After the affected district has conducted a feasibility study determining the potential costs and benefits, including the impact on district employees who would otherwise perform the work, that would result from contracting for the services; (b) after the decision to contract for the services has been reviewed and approved by the superintendent of public instruction; and (c) subject to any applicable requirements for collective bargaining. The factors to be considered in the feasibility study shall be developed in consultation with representatives of the affected employees and may include both long-term and short-term effects of the proposal to contract for services.

(3) This section applies only if a contract is for services performed by classified school employees on or after July 25, 1993.

(4) This section does not apply to:

(a) Temporary, nonongoing, or nonrecurring service contracts; or

(b) Contracts for services previously performed by employees in director/supervisor, professional, and technical positions.

(5) For the purposes of subsection (4) of this section:

(a) "Director/supervisor position" means a position in which an employee directs staff members and manages a function, a program, or a support service.

(b) "Professional position" means a position for which an employee is required to have a high degree of knowledge and skills acquired through a baccalaureate degree or its equivalent.

(c) "Technical position" means a position for which an employee is required to have a combination of knowledge and skills that can be obtained through approximately two years of posthigh school education, such as from a community or technical college, or by on-the-job training. HIRING AND DISCHARGE

RCW 28A.400.300 Hiring and discharging of employees—Written leave policies—Seniority and leave benefits of employees transferring between school districts and other educational employers. (1) Every

board of directors, unless otherwise specially provided by law, shall: (a) Except as provided in RCW 28A.405.210(2) and subsection (3) of this section, employ for not more than one year, and for sufficient cause discharge all certificated and classified employees;

(b) Adopt written policies granting leaves to persons under contracts of employment with the school district(s) in positions requiring either certification or classified qualifications, including but not limited to leaves for attendance at official or private institutes and conferences and sabbatical leaves for employees in positions requiring certification qualification, and leaves for illness, injury, bereavement and, emergencies for both certificated and classified employees, and with such compensation as the board of directors prescribe. However, the board of directors shall adopt

written policies granting to such persons annual leave with compensation for illness, injury and emergencies as follows:

(i) For such persons under contract with the school district for a full year, at least 10 days;

(ii) For such persons under contract with the school district as part time employees, at least that portion of 10 days as the total number of days contracted for bears to 180 days;

(iii) For certificated and classified employees, annual leave with compensation for illness, injury, and emergencies shall be granted and accrue at a rate not to exceed 12 days per year; provisions of any contract in force on June 12, 1980, which conflict with requirements of this subsection shall continue in effect until contract expiration; after expiration, any new contract executed between the parties shall be consistent with this subsection;

(iv) Compensation for leave for illness or injury actually taken shall be the same as the compensation such person would have received had such person not taken the leave provided in this proviso;

(v) Leave provided in this proviso not taken shall accumulate from year to year up to a maximum of 180 days for the purposes of RCW 28A.400.210 and 28A.400.220, and for leave purposes up to a maximum of the number of contract days agreed to in a given contract, but not greater than one year. Such accumulated time may be taken at any time during the school year or up to 12 days per year may be used for the purpose of payments for unused sick leave;

(vi) Sick leave heretofore accumulated under section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) and sick leave accumulated under administrative practice of school districts prior to the effective date of section 1, chapter 195, Laws of 1959 (former RCW 28.58.430) is hereby declared valid, and shall be added to leave for illness or injury accumulated under this proviso;

(vii) Any leave for injury or illness accumulated up to a maximum of 45 days shall be creditable as service rendered for the purpose of determining the time at which an employee is eligible to retire, if such leave is taken it may not be compensated under the provisions of RCW 28A.400.210 and 28A.310.490;

(viii) Accumulated leave under this proviso shall be transferred to and from one district to another, the office of superintendent of public instruction, offices of educational service district superintendents and boards, the state school for the blind, the Washington center for deaf and hard of hearing youth, institutions of higher education, and community and technical colleges, to and from such districts, schools, offices, institutions of higher education, and community and technical colleges;

(ix) Leave accumulated by a person in a district prior to leaving said district may, under rules of the board, be granted to such person when the person returns to the employment of the district.

(2) When any certificated or classified employee leaves one school district within the state and commences employment with another school district within the state, the employee shall retain the same seniority, leave benefits and other benefits that the employee had in his or her previous position. However, classified employees who transfer between districts after July 28, 1985, shall not retain any seniority rights other than longevity when leaving one school district and beginning employment with another. If the school district to which the person transfers has a different system for computing seniority, leave benefits, and other benefits, then the employee shall be granted the same seniority, leave benefits and other benefits as a person in

that district who has similar occupational status and total years of service.

(3) Notwithstanding subsection (1)(a) of this section, discharges of certificated and classified employees in school districts that are dissolved due to financial insolvency shall be conducted in accordance with RCW 28A.315.229. RCW 28A.400.301 Information on past sexual misconduct—Requirement for applicants—Limitation on contracts and agreements—Employee right to review personnel file. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Applicant" means an applicant for employment in a certificated or classified position who is currently or was previously employed by a school district.

(b) "Employer" means a school district employer.

(2) Before hiring an applicant, a school district shall request the applicant to sign a statement:

(a) Authorizing the applicant's current and past employers, including employers outside of Washington state, to disclose to the hiring school district sexual misconduct, if any, by the applicant and making available to the hiring school district copies of all documents in the previous employer's personnel, investigative, or other files relating to sexual misconduct by the applicant; and

(b) Releasing the applicant's current and past employers, and employees acting on behalf of that employer, from any liability for providing information described in (a) of this subsection, as provided in subsection (4) of this section.

(3) Before hiring an applicant, a school district shall request in writing, electronic or otherwise, the applicant's current and past employers, including out-of-state employers, to provide the information described in subsection (2)(a) of this section, if any. The request shall include a copy of the statement signed by the applicant under subsection (2) of this section.

(4) Not later than twenty business days after receiving a request under subsection (3) of this section, a school district shall provide the information requested and make available to the requesting school district copies of all documents in the applicant's personnel record relating to the sexual misconduct. The school district, or an employee acting on behalf of the school district, who in good faith discloses information under this section is immune from civil liability for the disclosure.

(5) A hiring district shall request from the office of the superintendent of public instruction verification of certification status, including information relating to sexual misconduct as

established by the provisions of subsection (11) of this section, if any, for applicants for certificated employment.

(6) A school district shall not hire an applicant who does not sign the statement described in subsection (2) of this section.

(7) School districts may employ applicants on a conditional basis pending the district's review of information obtained under this section. When requests are sent to out-of-state employers under subsection (3) of this section, an applicant who has signed the statement described in subsection (2) of this section, shall not be prevented from gaining employment in Washington public schools if the laws or policies of that other state prevent documents from being made available to Washington state school districts or if the out-of-state school district fails or refuses to cooperate with the request.

(8) Information received under this section shall be used by a school district only for the purpose of evaluating an applicant's qualifications for employment in the position for which he or she has applied. Except as otherwise provided by law, a board member or employee of a school district shall not disclose the information to any person, other than the applicant, who is not directly involved in the process of evaluating the applicant's qualifications for employment. A person who violates this subsection is guilty of a misdemeanor.

(9) Beginning September 1, 2004, the board or an official of a school district shall not enter into a collective bargaining agreement, individual employment contract, resignation agreement, severance agreement, or any other contract or agreement that has the effect of suppressing information about verbal or physical abuse or sexual misconduct by a present or former employee or of expunging information about that abuse or sexual misconduct from any documents in the previous employer's personnel, investigative, or other files relating to verbal or physical abuse or sexual misconduct by the applicant. Any provision of a contract or agreement that is contrary to this subsection is void and unenforceable, and may not be withheld from disclosure by the entry of any administrative or court order. This subsection does not restrict the expungement from a personnel file of information about alleged verbal or physical abuse or sexual misconduct that has not been substantiated.

(10) This section does not prevent a school district from requesting or requiring an applicant to provide information other than that described in this section.

(11) By September 1, 2004, the state board of education has the authority to and shall adopt rules defining "verbal abuse," "physical abuse," and "sexual misconduct" as used in this section for application to all classified and certificated employees. The definitions of verbal and physical abuse and sexual misconduct adopted by the state board of education must include the requirement that the school district has made a determination that there is sufficient information to conclude that the abuse or misconduct occurred and that the abuse or misconduct resulted in the employee's leaving his or her position at the school district.

(12) Except as limited by chapter 49.12 RCW, at the conclusion of a school district's investigation, a school employee has the right to review his or her entire personnel file, investigative file, or other file maintained by the school district relating to sexual misconduct as addressed in this section and to attach rebuttals to any documents as the employee deems necessary. Rebuttal documents shall be disclosed in the same manner as the documents to which they are attached. The

provisions of this subsection do not supercede the protections provided individuals under the state whistleblower laws in chapter 42.41 RCW. [2005 c 266 s 1; 2004 c 29 s 2.]

Findings—2004 c 29: "The legislature recognizes that state law requires criminal background checks of applicants for school district employment. However, the legislature finds that, because they generally are limited to criminal conviction histories, results of background checks are more complete when supplemented by an applicant's history of past sexual misconduct. Therefore, the legislature finds that additional safeguards are necessary in the hiring of school district employees to ensure the safety of Washington's school children. In order to provide the safest educational environment for children, school districts must provide known information regarding employees' sexual misconduct when those employees attempt to transfer to different school districts." [2004 c 29 s 1.]

(c) The requesting entity may provide a copy of the record report to the applicant at the applicant's request.

(d) When necessary, applicants for employment may be employed on a conditional basis pending completion of the record check.

(e) If the applicant for employment has had a record check within the previous two years, the district, the Washington center for deaf and hard of hearing youth, the state school for the blind, the office of the superintendent of public instruction, or contractor may waive the requirement.

(f) Except as provided in subsection (2) of this section, the school district, pursuant to chapter 41.59 or 41.56 RCW, the Washington center for deaf and hard of hearing youth, the state school for the blind, the office of the superintendent of public instruction, or contractor hiring the employee shall determine who shall pay costs associated with the record check.

(i) Groups of five or fewer children under twelve years of age;

(ii) Groups of three or fewer children between twelve and eighteen years of age; or

(iii) Persons with developmental disabilities.

(b) For purposes of (a) of this subsection, "unsupervised" means not in the presence of:

(i) Another employee or volunteer from the same school or organization; or

(ii) Any relative or guardian of any of the children or persons with developmental disabilities to which the prospective employee or volunteer has access during the course of his or her involvement with the school or organization.

(4) Individuals who hold a valid portable background check clearance card issued by the department of children, youth, and families consistent with RCW 43.216.270 can meet the requirements in subsection (1) of this section by providing a true and accurate copy of their Washington state patrol and federal bureau of investigation background report results to the office of the superintendent of public instruction.

(5) The cost of record checks must include: The fees established by the Washington state patrol and the federal bureau of investigation for the criminal history background checks; a fee paid to the superintendent of public instruction for the cost of administering this section and RCW 28A.195.080 and 28A.410.010; and other applicable fees for obtaining the fingerprints. RCW 28A.400.330 Crimes against children—Contractor employees—Termination of contract. The school district board of directors shall include in any contract for services with an entity or individual other than an employee of the school district a provision requiring the contractor to prohibit any employee of the contractor from working at a public school who has contact with children at a public school during the course of his or her employment and who has pled guilty to or been convicted of any felony crime specified under RCW 28A.400.322. The contract shall also contain a provision that any failure to comply with this section shall be grounds for the school district immediately terminating the contract. [2009 c 396 s 3; 1989 c 320 s 4. Formerly RCW 28A.58.1002.]

Severability—1989 c 320: See note following RCW 28A.410.090.

RCW 28A.400.332 Use of persons, money, or property for private gain. (1) No school district employee may employ or use any person, money, or property under the employee's official control or direction, in his or her official custody, without authorization, for the private benefit or gain of the employee or another.

(2) This section does not prohibit the use of public resources to benefit others as part of the employee's official duties.

(3) Each school district board of directors may adopt policies providing exceptions to this section for occasional use of the employee, of de minimis cost and value, if the activity does not result in interference with the proper performance of public duties.

(4) The office of the superintendent of public instruction shall adopt disciplinary guidelines for violations of this section. [2009 c 224 s 1.]

RCW 28A.400.340 Notice of discharge to contain notice of right to appeal if available. Any notice of discharge given to a classified or certificated employee, if that employee has a right to appeal the discharge, shall contain notice of that right, notice that a description of the appeal process is available, and how the description of the appeal process may be obtained. [1991 c 102 s 1.]

RCW 28A.400.345 School safety and security staff—Required training. (1) Prior to assigning safety and security staff to work on school property when students are expected to be present, school districts and their contractors must either:

(a) Confirm that the safety and security staff have training series documentation provided under RCW 28A.310.515; or

(b) Require the safety and security staff to complete the training series described in subsection (2) of this section.

(2) (a) The training series, two components for school resource officers and three components for other safety and security staff, must meet the requirements in this subsection.

(b) All safety and security staff must complete classroom training on the subjects listed in RCW 28A.310.515(2), within the first six months of working on school property when students are expected to be present.

(c) All safety and security staff must complete two days of on-the-job training with experienced safety and security staff, at the school of the experienced staff, within the first year of working on school property when students are expected to be present.

(d) Safety and security staff who are not school resource officers must complete at least six check-in trainings with experienced staff within the first year of working on school property when students are expected to be present.

(3) School safety and security staff who complete the training series described in subsection (2) of this section, and staff with significant prior training and experience, may request training series documentation from an educational service district under RCW 28A.310.515.

(4) Nothing in this section effects the categorization of safety and security staff as classified staff. Safety and security staff are not considered certificated instructional staff as that term and its meaning are used in this title.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Safety and security staff" or "staff" has the same meaning as in RCW 28A.320.124.

(b) "School resource officer" has the same meaning as in RCW 28A.320.124. [2021 c 38 s 3.]

Findings—Intent—2021 c 38: "(1) The legislature acknowledges the disproportionate impact that interactions with police have on youth of color and on black youth in particular. Not only are black youth more likely than their white peers to have contact with police at a young age despite similar or lower rates of illegal behavior, but early police contact for black youth is predictive of future arrests in a way that is not true for white youth.

(2) The legislature finds that schools should be a place in which all youth feel safe and it is imperative that school resource officers, school security officers, and other school safety and security staff do not contribute to an unsafe environment for black youth and youth of color.

(3) The legislature recognizes that chapter 333, Laws of 2019 made significant improvements to the quality and transparency of school districts' school resource officer programs by implementing training and intergovernmental agreement requirements. However, the legislature intends to expand these requirements to other school safety and security staff. The legislature also expects to require on-the-job training. In addition, the legislature finds that in order to understand the full scope and impact of safety and security staff on school property, additional information must be collected and made publicly available." INSURANCE

RCW 28A.400.350 Medical, dental, vision, liability, life, accident, disability, and salary insurance authorized—Expiration of authority for basic and optional benefits—Health savings accounts—Premiums—Noncompliance. (1) The board of directors of any of the state's school districts or educational service districts may make available medical, dental, vision, liability, life, accident, disability, and salary protection or insurance, direct agreements as defined in chapter 48.150 RCW, or any one of, or a combination of the types of employee benefits enumerated in this subsection, or any other type of insurance or protection, for the members of the boards of directors, the students, and employees of the school district or educational service district, and their dependents. Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2) (a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

(b) After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

(c) After December 31, 2019, school district contributions to any employee insurance that is purchased through the health care authority must conform to the requirements established by chapter 41.05 RCW and the school employees' benefits board.

(3) For school board members, educational service district board members, and students, the premiums due on such protection or insurance shall be borne by the assenting school board member, educational service district board member, or student. The school district or educational service district may contribute all or part of the costs, including the premiums, of life, health, health care, accident or disability insurance which shall be offered to all students participating in interschool activities on the behalf of or as representative of their school, school district, or educational service district. The school district board of directors and the educational service district board may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(5) (a) Until the creation of the school employees' benefits board under RCW 41.05.740, school districts offering medical, vision, and dental benefits shall:

(i) Offer a high deductible health plan option with a health savings account that conforms to section 223, part VII of subchapter 1 of the internal revenue code of 1986. School districts shall comply with all applicable federal standards related to the establishment of health savings accounts;

(ii) Make progress toward employee premiums that are established to ensure that full family coverage premiums are not more than three times the premiums for employees purchasing single coverage for the same coverage plan, unless a subsequent premium differential target is defined as a result of the review and subsequent actions described in *RCW 41.05.655;

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the

state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

(6) The authority to make available basic and optional benefits to school employees under this section expires December 31, 2019, except (a) for nonrepresented employees of educational service districts for which the authority expires December 31, 2023, and (b) as authorized under RCW 28A.400.280. Beginning January 1, 2020, school districts, for all school employees, and educational service districts, for represented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board. Beginning January 1, 2024, educational service districts, for nonrepresented employees, shall make available basic and optional benefits through plans offered by the health care authority and the school employees' benefits board.
