Short title—Savings—Reservation of legislative power—Effective dates—1993 c 492: See RCW 43.72.910 through 43.72.915.

Intent—1990 1st ex.s. c 11: "The legislature recognizes the rising costs of health insurance premiums for school employees, and the increasing need to ensure effective use of state benefit dollars to obtain basic coverage for employees and their dependents. In school districts that do not pool benefit allocations among employees, increases in premium rates create particular hardships for employees with families. For many of these employees, the increases translate directly into larger payroll deductions simply to maintain basic benefits.

The goal of this act is to provide access for school employees to basic coverage, including coverage for dependents, while minimizing employees' out-of-pocket premium costs. Unnecessary utilization of medical services can contribute to rising health insurance costs. Therefore, the legislature intends to encourage plans that promote appropriate utilization without creating major barriers to access to care. The legislature also intends that school districts pool state benefit allocations so as to eliminate major differences in out-of-pocket premium expenses for employees who do and do not need coverage for dependents."
