

RCW 39.84.010 Finding and declaration of necessity. The legislature hereby finds and declares that this state urgently needs to do the following: Promote higher employment; encourage the development of new jobs; maintain and supplement the capital investments in industry that currently exist in this state; encourage future employment by ensuring future capital investment; attract environmentally sound industry to the state; protect and enhance the quality of natural resources and the environment; and promote the production and conservation of energy. [1981 c 300 s 1.]
