

RCW 39.116.030 Specifications for bid or proposal. By July 1, 2025, and to the extent practicable, specifications for a bid or proposal for a project contract by an awarding authority may only include performance-based specifications for concrete used as a structural material. Awarding authorities may continue to use prescriptive specifications on structural elements to support special designs and emerging technology implementation. [2024 c 344 s 4.]
