

RCW 71.24.597 Opioid overdose reversal medication—Coordinated purchasing and distribution. By October 1, 2019, the authority must work with the department, the accountable communities of health, and community stakeholders to develop a plan for the coordinated purchasing and distribution of opioid overdose reversal medication across the state of Washington. The plan must be developed in consultation with the University of Washington's alcohol and drug abuse institute and community agencies participating in the federal demonstration grant titled Washington state project to prevent prescription drug or opioid overdose. [2019 c 314 s 32.]

Declaration—2019 c 314: See note following RCW 18.22.810.
