

RCW 77.135.100 Aquatic conveyance—Certificate of inspection—

Adoption of rules. (1) A person in possession of an aquatic conveyance who enters Washington by road, air, or water is required to have a certificate of inspection. A person must provide this certificate of inspection upon request by a fish and wildlife officer or ex officio fish and wildlife officer.

(2) The department must adopt rules to implement this section including:

(a) Types of aquatic conveyances required to have a certificate of inspection;

(b) Allowable certificate of inspection forms including passport type systems and integration with existing similar permits;

(c) Situations when authorization can be obtained for transporting an aquatic conveyance not meeting inspection requirements to a specified location within the state where certificate of inspection requirements can be provided; and

(d) Situations where aquatic conveyances are using shared boundary waters of the state, such as portions of the Columbia river, lake Osoyoos, and the Puget Sound. [2014 c 202 s 112.]
