

RCW 78.56.070 Quarterly inspections by responsible state agencies required—Cross-training and coordination of inspections encouraged. (1) State agencies with the responsibility for inspecting metals mining and milling operations regulated under this chapter shall conduct such inspections at least quarterly: PROVIDED, That the inspections are not prevented by inclement weather conditions.

(2) The legislature encourages state agencies with inspection responsibilities for metals mining and milling operations regulated under this chapter to explore opportunities for cross-training of inspectors among state agencies and programs. This cross-training would be for the purpose of meeting the inspection responsibilities of these agencies in a more efficient and cost-effective manner. If doing so would be more efficient and cost-effective, state agency inspectors are also encouraged to coordinate inspections with federal and local government inspectors as well as with one another.
