WAC 16-131-030 General requirements. (1) For initial authorization to produce CIEs, a person must obtain a CIE endorsement as provided under RCW 69.07.200 and WAC 16-131-040.

(2) A CIE processor must comply with all laws to which other food processors are subject including, but not limited to, chapter 69.07 RCW, Washington Food Processing Act, chapter 16-165 WAC, Food inspection, and chapter 16-167 WAC, Intrastate commerce in foods.

(3) A CIE processor in good standing may renew an endorsement through the department of revenue as provided in RCW 69.07.200.

(4) A person must hold a CIE endorsement and obtain the department's approval of each CIE as provided in WAC 16-131-050 before offering the CIE for sale.

(5) All communication in connection with CIEs from an applicant or endorsement holder to the department must reference the applicant or endorsement holder's WSLCB license number and the name under which the WSLCB license is held.

(6) A CIE endorsement is valid for only one location.

(7) CIE processing facilities must comply with all applicable state, county, and municipal laws and ordinances that apply to conducting business in the CIE processing facility location.

[Statutory Authority: RCW 69.07.020 and 2022 c 16. WSR 24-01-035, § 16-131-030, filed 12/11/23, effective 1/11/24. Statutory Authority: RCW 69.07.020, 69.07.200, and chapter 34.05 RCW. WSR 18-05-010, § 16-131-030, filed 2/8/18, effective 4/1/18.]

WAC 16-131-040 Initial application requirements. (1) Persons seeking to produce CIEs must apply to the department of revenue as required under RCW 69.07.200. The initial endorsement is not valid until the department approves the applicant's submittals required under this section, inspects the CIE processing facility, and determines that the applicant and facility substantially complies with applicable laws and regulations.

(2) Once the department receives the endorsement application from department of revenue's business licensing service, the department will contact the applicant and provide electronic copies of required forms for the applicant to complete.

(3) Before the department will begin evaluation of an initial application, the applicant must submit the following:

(a) Full facility plans as required under WAC 16-131-090;

(b) A detailed floor plan or diagram of the CIE processing facility as required under WAC 16-131-090;

(c) All documents required under WAC 16-131-050 for each initially proposed CIE;

(d) Documentation verifying that the water supply meets standards in WAC 16-165-130.

(4) Once the department determines that an initial applicant's submittal is complete and satisfactory, the department will contact the applicant to schedule an inspection. The CIE processing facility must be production ready at the time of inspection; perishable ingredients are not required to be in stock.

(5) Following the inspection, the department will notify the applicant of its decision to approve or deny the endorsement. If approving the endorsement, the department will identify the CIE products approved for processing.

[Statutory Authority: RCW 69.07.020 and 2022 c 16. WSR 24-01-035, § 16-131-040, filed 12/11/23, effective 1/11/24. Statutory Authority: RCW 69.07.020, 69.07.200, and chapter 34.05 RCW. WSR 18-05-010, § 16-131-040, filed 2/8/18, effective 4/1/18.]

WAC 16-131-050 CIE approval. (1) A CIE is specific to its form, formulation and ingredients, including color and flavor. The same formulation and ingredients in different forms (for example, powder and solid forms) are different CIEs.

(2) A person must obtain the department's review and approval for each CIE before offering it for sale.

(3) A person must provide the following information to the department in electronic format for each proposed CIE product:

- (a) The product name;
- (b) A complete and accurate list of ingredients;
- (c) A description of the processing steps for the CIE product;
- (d) A description of the packaging; and
- (e) A copy of the proposed ingredient label conforming to WAC 16-131-060.

(4) The department will approve only the types of CIEs that comply with WAC 16-131-070.

(5) Any change in the ingredients of an approved CIE requires department review and approval as provided in subsection (2) of this section.

(6) The department may require another facility inspection if a newly proposed or reformulated CIE introduces a new type of processing in the CIE processing facility. For example, the department will require a new inspection if a facility that previously produced baked goods proposes to add a bottled beverage CIE.

[Statutory Authority: RCW 69.07.020 and 2022 c 16. WSR 24-01-035, § 16-131-050, filed 12/11/23, effective 1/11/24. Statutory Authority: RCW 69.07.020, 69.07.200, and chapter 34.05 RCW. WSR 18-05-010, § 16-131-050, filed 2/8/18, effective 4/1/18.]

(a) A plan showing the entire facility subject to the cannabis processor license and indicating the CIE processing facility. An applicant may use plans submitted for the cannabis processor license to meet this requirement provided the plans clearly identify the CIE processing facility.

(b) A detailed floor plan, which may be a hand drawn diagram if to scale and legible, showing room dimensions, fixtures (sinks, counters, etc.), equipment (refrigeration units, range/stove, oven, stand-alone processing equipment, etc.), storage shelves/racks (for edible ingredients, utensils, packaging supplies, cleaning supplies), and floor drain, if required. Applicant must identify the finished surfaces of the ceiling, walls, and floor on the floor plan/diagram or in a separate document.

(2) CIE facility requirements. CIE processing facilities must comply with all laws applicable to food processing under chapter 69.07 RCW and the following:

(c) Processing, advertising, or distributing a CIE that has not received department approval under WAC 16-131-050.
