

WAC 67-35-220 Department and vendor responsibility—Initial consumable stocks and cash. The department will provide funds for the initial consumable stocks and supplies, and minimum operating cash required to commence operation of the facility, as determined by departmental policy.

The vendor will be required to repay the department for the initial consumable stocks and supplies and operating cash according to a set repayment plan as outlined in departmental policy.

The right to and interest in the initial consumable stock and operating cash will remain with the department until the vendor has repaid the department in full. In the event that a vendor should discontinue to operate the vending facility, the vendor or the vendor's heirs will furnish to the department an amount of saleable stock as determined by departmental policy, and/or cash equal in monetary value to the amount currently owed to the department under the conditions of the repayment plan.
