

WAC 136-20-030 Inspection. Each county engineer shall be responsible for all routine and special inspections of all NBI bridges on the county road system in accordance with the National Bridge Inspection Standards (NBIS) as promulgated and periodically revised by the WSDOT local programs office. The county engineer shall note the date of all inspections and any changes since the previous inspection on the bridge inspection report and the WSBIS form and submit all such forms to the WSDOT local programs bridge engineer within ninety days of each inspection. It is highly recommended that each county engineer perform routine inspections of the short span bridges, drainage structures, and large culverts on the county road system.
