

**WAC 173-27-240 Authority and purpose.** This part is adopted under RCW 90.58.200 and 90.58.210 to implement the enforcement responsibilities of the department and local government under the Shoreline Management Act. The act calls for a cooperative program between local government and the state. It provides for a variety of means of enforcement, including civil and criminal penalties, orders to cease and desist, orders to take corrective action, and permit rescission. The following should be used in addition to other mechanisms already in place at the local level and does not preclude other means of enforcement.
