## WAC 173-165-050 Minimum qualifications for CWRE certification.

- (1) To be a certified water right examiner, you must meet at least one of the following qualifications:
  - (a) Licensed in Washington state as a:
  - (i) Professional engineer;
  - (ii) Professional land surveyor; or
  - (iii) Hydrogeologist.
- (b) A qualified water conservancy board commissioner, as defined in WAC 173-165-020; or
- (c) Holding five years applicable experience as defined in subsection (2) of this section, including at least three years of experience defined in subsection (3) of this section.
- (2) The five years of applicable work experience includes direct individual and practical experience related to one or more of the following:
- (a) Conducting water right proof examinations in Washington or another state, or performing comparable work in evaluating the beneficial use of water.
- (b) Preparing water right documents for use in the adjudication of water rights.
- (c) Working in private industry evaluating water right applications and preparing reports of examination for cost recovery or cost reimbursement contracts.
- (d) Evaluating state water right applications, conducting field investigations for water right permits, and preparing reports of examination.
- (e) Preparing or reviewing records of decision for county conservancy boards.
- (3) The five years of work experience must include at least three years of any one of the following:
- (a) Evaluating new water right applications and/or applications for change or transfer of a water right to support permit and/or change authorization decision making.
- (b) Conducting field investigations and preparing tentative determinations of water rights related to water use.
  - (c) Verifying beneficial use of water.
- (d) Regulating water rights as a stream patrolman or watermaster (RCW 90.03.070) or watermaster assigned to regulate water use within federal reclamation projects.
- (e) Conducting proof examinations for issuance of certificates of water rights.
- (f) Other qualifying experience, substituted year for year, as determined by ecology.
- (4) Qualified applicants must maintain at least one of their qualifications throughout the duration of the application and certification periods. (See WAC 173-165-030.)
