

WAC 173-518-060 Metering and reporting water use. All future new surface and groundwater appropriations, other than rainwater collection, shall measure withdrawals.

(1) Water meters must meet specifications available through ecology.

(2) Water meters must be read and reported in accordance with chapter 173-173 WAC or as directed by ecology.

[Statutory Authority: Chapters 90.54, 90.22, 90.82, 90.03, 90.42, and 90.44 RCW. WSR 12-23-054 (Order 07-17), § 173-518-060, filed 11/16/12, effective 1/2/13.]
