

WAC 240-20-001 Legislative intent. There is significant state interest in assuring that viable multimodal transportation programs are available throughout the state. The legislature recognizes the need to create a mechanism to fund multimodal transportation programs and projects. The legislature further recognizes the complexities associated with current funding mechanisms and seeks to create a process that would allow for all transportation programs and projects to compete for limited resources.

[Statutory Authority: Chapter 47.66 RCW. WSR 94-10-030 and 94-11-081, § 240-20-001, filed 4/28/94 and 5/16/94, effective 5/1/94 and 5/16/94.]
