

WAC 246-292-085 Legacy certification. (1) A certified operator who received a legacy certification prior to January 1, 2001, remains subject to the following:

(a) A legacy operator certification is valid only for the designated public water system and is not transferable to another operator or public water system;

(b) An operator with a legacy certification shall meet all renewal requirements in WAC 246-292-090; and

(c) If an operator with a legacy certification fails to renew the certificate as required in WAC 246-292-090, the operator shall no longer be certified. If the certificate expires, the operator must apply for a new certification and meet all the requirements of a new applicant as required in WAC 246-292-060 and 246-292-070.

(2) If the classification of a water treatment plant or distribution system changes to a higher level, the legacy certification is no longer valid. The purveyor shall comply with the requirements for obtaining a certified operator, as required in WAC 246-292-040 and 246-292-050.
