(5) The department may release data files linked with birth or fetal death record items. When data files are released by the department in a form or format that is linked with birth or fetal death data, the linked data will be treated with the same restrictions as the most restrictive record item in the linked birth and fetal death data files.

(6) The department may calculate additional data items from the birth or fetal death record items listed in subsections (3) and (4) of this section. These calculated data items shall maintain the same direct or indirect identifier categorization as the most restrictive record items listed in subsections (3) and (4) of this section from which the department derived the additional calculated data.

(7) The department may deidentify birth or fetal death record items listed in subsections (3) and (4) of this section that are direct identifiers. The department may release such deidentified items as an indirect identifier.

(8) The department may limit or restrict the release of vital record items in data files to maintain confidentiality standards and protect the information for persons named in any birth, death, or fetal death record.
