

(Effective 06/01/24)

WAC 284-30A-070 Insurer communication standards. (1) Reasonable explanation is a communication standard that requires insurers to provide sufficient information, in terms that are understandable to an average policyholder, which enable the policyholder to figure out the basic nature of any premium increase.

(2) Primary factors is a communication standard that requires insurers to provide the specific rate and rating factors that caused the premium increase. The primary factors are the following:

(a) Auto-related factors (car garaging location, driving record, miles driven, number of drivers, and number of vehicles), claims history, discounts, fees and surcharges, demographic factors (age, credit history, education, gender, marital status, and occupation), property related factors (age, location, and value), premium capping, and rate changes (including those subject to rate stability rules, transition rules, or premium-capping rules, as referenced in WAC 284-24-130).

(b) Insurers shall include the primary factors in the premium change notice, if applicable to the premium increase, with any premium change notices processed for renewals effective on or after June 1, 2027. Factors not listed above as primary are considered as optional factors. Insurers may include additional optional factors not listed in this section, if applicable to the premium increase.

(3) Insurers may include composite rating variables in premium change transparency to inform policyholders of premium increases. However, if insurers include composite rating variables in their premium change transparency, then insurers shall explain the premium increase attributed to the composite rating variables.

(4) Insurers may include the use of estimated dollars in premium change transparency, if a reasonable explanation is provided by the insurers to the policyholders on the degree of accuracy estimated dollars achieve, as specifically applied to that policy and premium increase.

(5) Insurers may show separate impacts by the different perils or risks being covered and the type of coverage for each.

(6) This chapter does not prohibit insurers from sending premium change transparency for all premium increases beyond those required in this section.
