WAC 296-800-14020 Develop, supervise, implement, and enforce safety and health training programs that are effective in practice. (1) You must develop, supervise, implement, and enforce training pro-

grams to improve the skill, awareness, and competency of all your employees in the field of occupational safety and health.

- (2) You must make sure training includes on-the-job instruction to employees prior to their job assignment about hazards such as:
- (a) Safe use of powered materials-handling equipment, such as forklifts, backhoes, etc.
 - (b) Safe use of machine tool operations.
 - (c) Use of toxic materials.
 - (d) Operation of utility systems.
