

WAC 296-842-17010 Store respirators properly. (1) Store respirators to protect them from ALL of the following:

- (a) Deformation of the facepiece or exhalation valve
- (b) Sunlight or extreme temperatures or other conditions
- (c) Contamination such as dust or damaging chemicals
- (d) Excessive moisture.

Note: Use coffee cans, sealable plastic bags, or other suitable means of protection.

(2) Follow these additional requirements for emergency respirators:

- (a) Keep respirators accessible to the work area
- (b) Store respirators in compartments or with covers clearly marked as containing emergency respirators
- (c) Follow additional storage instructions from the respirator manufacturer
- (d) Store an adequate number of emergency respirators in each area where they may be needed.

Note: Emergency respirators include mouthpiece respirators and other respirators that are limited to escape-only use by their NIOSH certification.
