

WAC 308-408C-010 Standards of practice (SOP)—Purpose and scope.

Violations of the following SOP and ethics are subject to disciplinary action under RCW 18.235.130.

The purpose of a home inspection is to assess the condition of the residence at the time of the inspection using visual observations, simple tools and normal homeowner operational controls; and to report deficiencies of specific systems and components. Inspectors must perform all inspections in compliance with the SOP set forth by the Washington state department of licensing.

A home inspection is not technically exhaustive and does not identify concealed conditions or latent defects. This SOP is applicable to buildings with four or fewer dwelling units and their attached garages or carports.
