

WAC 357-04-110 How is time computed under the civil service rules? Whenever a period of time is mentioned in the civil service rules, that period must be computed by excluding the first day of the period and including the last day, unless a specific civil service rule states something different. If the last day is a Saturday, Sunday, or holiday, the time period ends on the next business day, unless that Saturday, Sunday, or holiday is a regularly scheduled work day for the employee to whom notice is being provided.
