374-80-030      Communications. [Statutory Authority: Chapter 70.149 RCW. WSR 97-20-094, § 374-80-030, filed 9/29/97, effective 10/30/97.] Repealed by WSR 20-02-071, filed 12/26/19, effective 1/26/20. Statutory Authority: RCW 70.149.040.

**WAC 374-80-010 Authority and purpose.** The purpose of this chapter is to establish a program for providing technical assistance regarding a release or suspected release from an eligible petroleum storage tank system. Under this program, the agency will provide advice and technical assistance regarding a completed or proposed independent remedial action and application of chapters 70A.330 and 70A.305 RCW.

Any opinion provided by the agency under this program is advisory only and not binding upon either the pollution liability insurance agency or the department of ecology. Participation in this program is not a settlement with the state under the Model Toxics Control Act. Persons conducting independent remedial actions do so at their own risk and may be required to take additional remedial actions by the department of ecology if such actions are determined to be necessary under the Model Toxics Control Act.
