

WAC 480-30-376 Tariffs and time schedules, filings after name change or change in ownership. (1) When an auto transportation company changes the name on its certificate, the company must file a tariff and time schedule in its new name or must adopt the existing filed tariff and time schedule.

(2) When an auto transportation company leases, transfers, or acquires a portion of the certificated authority of another company, it must file a new tariff and time schedule reflecting the same rates and routes as the prior company.

(3) When an auto transportation company obtains operating control of another company, it must file a new tariff and time schedule at the same rate levels and on the same time schedule as the prior company or adopt the existing filed tariff and time schedule of the prior company.

(4) An auto transportation company filing a tariff to comply with subsections (1), (2), and (3) of this section cannot raise rates in that filing. A separate rate increase filing must be made.

(5) To adopt existing filed tariffs or time schedules, the auto transportation company must file with the commission an adoption form.

(a) Adoption forms are available from the commission on request.

(b) Companies may use alternate forms as long as those forms are substantively equal to that shown in the example below.
