EXPEDITED RULES

DEPARTMENT OF ECOLOGY

[Filed June 30, 2023, 8:09 a.m.]

Title of Rule and Other Identifying Information: The department of ecology (ecology) proposes to amend chapter 173-360A WAC, Underground storage tank (UST) regulations, to allow use of a state fund or other state assurance program to demonstrate financial responsibility for cleaning up UST releases and compensating third parties for bodily injury and property damage caused by the releases.

Purpose of the Proposal and Its Anticipated Effects, Including Any Changes in Existing Rules: Leaking underground storage tanks (USTs) at gas stations across Washington state threaten the health and prosperity of our communities. The cost of cleaning up these sites is often beyond the financial means of many small gas station owners.

The legislature recently passed a law (chapter 170, Laws of 2023) directing the pollution liability insurance agency (PLIA) to establish and administer a new state financial assurance program for UST owners and operators to help ensure they have sufficient funds to clean up releases of petroleum from USTs. If you have any questions about the development of this new program, please contact PLIA.

The law also directs ecology to amend its UST Regulations to allow UST owners and operators to use PLIA's new state financial assurance program to demonstrate financial responsibility for UST releases. The law requires the amendments to be consistent with, and no less stringent than the federal regulations in 40 C.F.R. Part 280. This is necessary to maintain federal approval of the state's UST pollution prevention program under 40 C.F.R. Part 281. See section 11(2), chapter 170, Laws of 2023.

Reasons Supporting Proposal: See purpose of the proposal.

Statutory Authority for Adoption: Chapter 70A.355 RCW, Underground storage tanks; chapter 170, Laws of 2023.

Statute Being Implemented: Chapter 70A.355 RCW, Underground storage tanks; chapter 170, Laws of 2023.

Rule is necessary because of federal law, the rule making is necessary in part to maintain federal approval of the state's UST regulatory program, which is required by chapter 70A.355 RCW. The federal requirements for state program approval are specified in 40 C.F.R. Parts 280 and 281.

Name of Proponent: Department of ecology, governmental.

Name of Agency Personnel Responsible for Drafting: Michael Feldcamp, Lacey, Washington, 360-791-9390; **Implementation:** Steven Jarrett, Lacey, Washington, 564-669-3818; and **Enforcement:** Barry Rogowski, Lacey, Washington, 360-485-3738.

Agency Comments or Recommendations, if any, as to Statutory Language, Implementation, Enforcement, and Fiscal Matters: Not applicable.

This notice meets the following criteria to use the expedited adoption process for these rules:

Adopts or incorporates by reference without material change federal statutes or regulations, Washington state statutes, rules of other Washington state agencies, shoreline master programs other than those programs governing shorelines of statewide significance, or, as referenced by Washington state law, national consensus codes that generally establish industry standards, if the material adopted or incorporated

regulates the same subject matter and conduct as the adopting or incorporating rule.

Content is explicitly and specifically dictated by statute.

Explanation of the Reason the Agency Believes the Expedited Rule-Making Process is Appropriate: Ecology believes the expedited rule-making process is appropriate for this rule making under RCW 34.05.353 (1)(b) and (d). The proposed rule amendments are explicitly and specifically required by the legislature in section 11(2), chapter 170, Laws of 2023, and adopt without material change the federal regulations in 40 C.F.R. Part 280, Subpart H pertaining to use of a state fund or other state assurance program as a mechanism for demonstrating financial responsibility for UST releases.

NOTICE

THIS RULE IS BEING PROPOSED UNDER AN EXPEDITED RULE-MAKING PROCESS THAT WILL ELIMINATE THE NEED FOR THE AGENCY TO HOLD PUBLIC HEARINGS, PREPARE A SMALL BUSINESS ECONOMIC IMPACT STATEMENT, OR PROVIDE RESPONSES TO THE CRITERIA FOR A SIGNIFICANT LEGISLATIVE RULE. IF YOU OBJECT TO THIS USE OF THE EXPEDITED RULE-MAKING PROCESS, YOU MUST EXPRESS YOUR OBJECTIONS IN WRITING AND THEY MUST BE SENT TO Katie Wolt, Agency Rules Coordinator, Department of Ecology, Governmental Relations, P.O. Box 47600, Olympia, WA 98503-7600, phone 360-763-2898, email rulemaking@ecy.wa.gov, AND RECEIVED BY September 5, 2023.

AMENDATORY SECTION (Amending WSR 18-15-083, filed 7/18/18, effective 10/1/18)

WAC 173-360A-1005 Definition of terms. For the purposes of this part, the following definitions apply unless the context clearly indicates otherwise.

(1) "**Accidental release**" means any sudden or nonsudden release of regulated substances arising from operating an underground storage tank that results in a need for remedial action and/or compensation for bodily injury or property damage neither expected nor intended by the tank owner or operator.

(2) "**Bodily injury**" has the meaning given to this term by applicable state law; however, this term does not include those liabilities which, consistent with standard insurance industry practices, are excluded from coverage in liability insurance policies for bodily injury.

(3) "**Chief financial officer**," in the case of local government owners and operators, means the individual with the overall authority and responsibility for the collection, disbursement, and use of funds by the local government.

(4) "**Controlling interest**" means direct ownership of at least ((fifty)) 50 percent of the voting stock of another entity.

(5) **"Financial reporting year"** means the latest consecutive (~~twelve~~) 12-month period for which any of the following reports used to support a financial test is prepared: (a) A 10-K report submitted to the U.S. Securities and Exchange Commission; (b) an annual report of tangible net worth submitted to Dun and Bradstreet; or (c) annual reports submitted to the Energy Information Administration or the Rural Utilities Service. "Financial reporting year" may thus comprise a fiscal or a calendar year period.

(6) **"Legal defense cost"** means any expense that an owner or operator or provider of financial assurance incurs in defending against claims or actions brought:

(a) By the U.S. Environmental Protection Agency or a state to require remedial action or to recover the costs of remedial action;

(b) By or on behalf of a third party for bodily injury or property damage caused by an accidental release; or

(c) By any person to enforce the terms of a financial assurance mechanism.

(7) **"Local government"** has the meaning given to this term by applicable state law and includes Indian tribes. The term is generally intended to include:

(a) Counties, municipalities, townships, separately chartered and operated special districts (including local government public transit systems and redevelopment authorities), and independent school districts authorized as governmental bodies by state charter or constitution; and

(b) Special districts and independent school districts established by counties, municipalities, townships, and other general purpose governments to provide essential services.

(8) **"Occurrence"** means an accident, including continuous or repeated exposure to conditions, which results in a release from an underground storage tank. This definition is intended to assist in the understanding of this part and is not intended either to limit the meaning of "occurrence" in a way that conflicts with standard insurance usage or to prevent the use of other standard insurance terms in place of "occurrence."

(9) **"Owner or operator,"** means, for the purposes of this part, when the owner or operator are separate parties, the party that is responsible for obtaining or has obtained financial assurances.

(10) **"Petroleum marketing facilities"** means all facilities at which petroleum is produced or refined and all facilities from which petroleum is sold or transferred to other petroleum marketers or to the public.

(11) **"Property damage"** has the meaning given to this term by applicable state law. This term does not include those liabilities which, consistent with standard insurance industry practices, are excluded from coverage in liability insurance policies for property damage. However, such exclusions for property damage do not include remedial action associated with releases from underground storage tanks which are covered by the policy.

(12) **"Provider of financial assurance"** means an entity that provides financial assurance to an owner or operator of an underground storage tank through one of the mechanisms listed in WAC 173-360A-1060 through 173-360A-1073, including a guarantor, insurer, risk retention group, surety, (~~or~~) issuer of a letter of credit, or a state.

(13) **"Substantial business relationship"** means the extent of a business relationship necessary under applicable state law to make a guarantee contract issued incident to that relationship valid and en-

forceable. A guarantee contract is issued "incident to that relationship" if it arises from and depends on existing economic transactions between the guarantor and the owner or operator.

(14) "**Substantial governmental relationship**" means the extent of a governmental relationship necessary under applicable state law to make an added guarantee contract issued incident to that relationship valid and enforceable. A guarantee contract is issued "incident to that relationship" if it arises from a clear commonality of interest in the event of an underground storage tank release such as coterminous boundaries, overlapping constituencies, common groundwater aquifer, or other relationship other than monetary compensation that provides a motivation for the guarantor to provide a guarantee.

(15) "**Tangible net worth**" means the tangible assets that remain after deducting liabilities; such assets do not include intangibles such as goodwill and rights to patents or royalties. For purposes of this definition, "assets" means all existing and all probable future economic benefits obtained or controlled by a particular entity as a result of past transactions.

(16) "**Termination**" under WAC 173-360A-1082 and 173-360A-1083 means only those changes that could result in a gap in coverage as where the insured has not obtained substitute coverage or has obtained substitute coverage with a different retroactive date than the retroactive date of the original policy.
